

Give & Take Action and the Purpose of Life

All Things are Created in Pairs

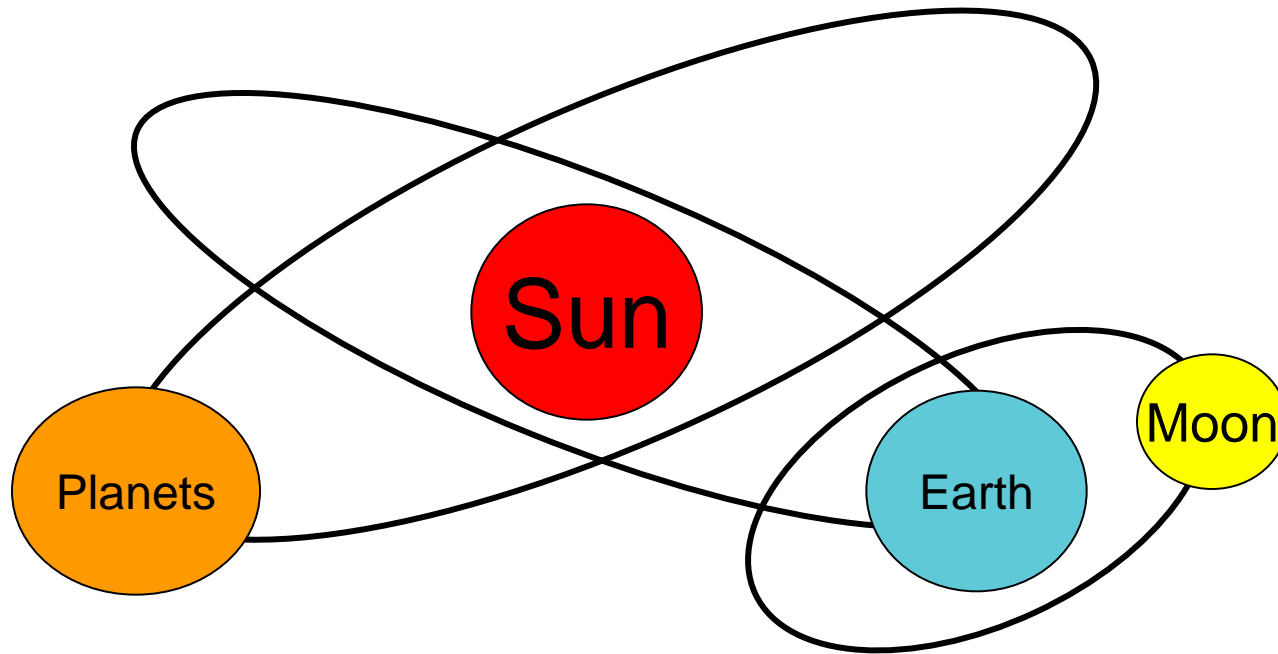

1. Nothing exists alone.
2. Everything is created to exist in relationships of give-and-take.

All Beings are Co-related

They need each other to exist.

The Culture of Selfishness

- I can be happy by myself.
- My happiness is more important than anything else.
- Give me first; then I think about giving back.
- Only give the minimum needed.

Father Moon

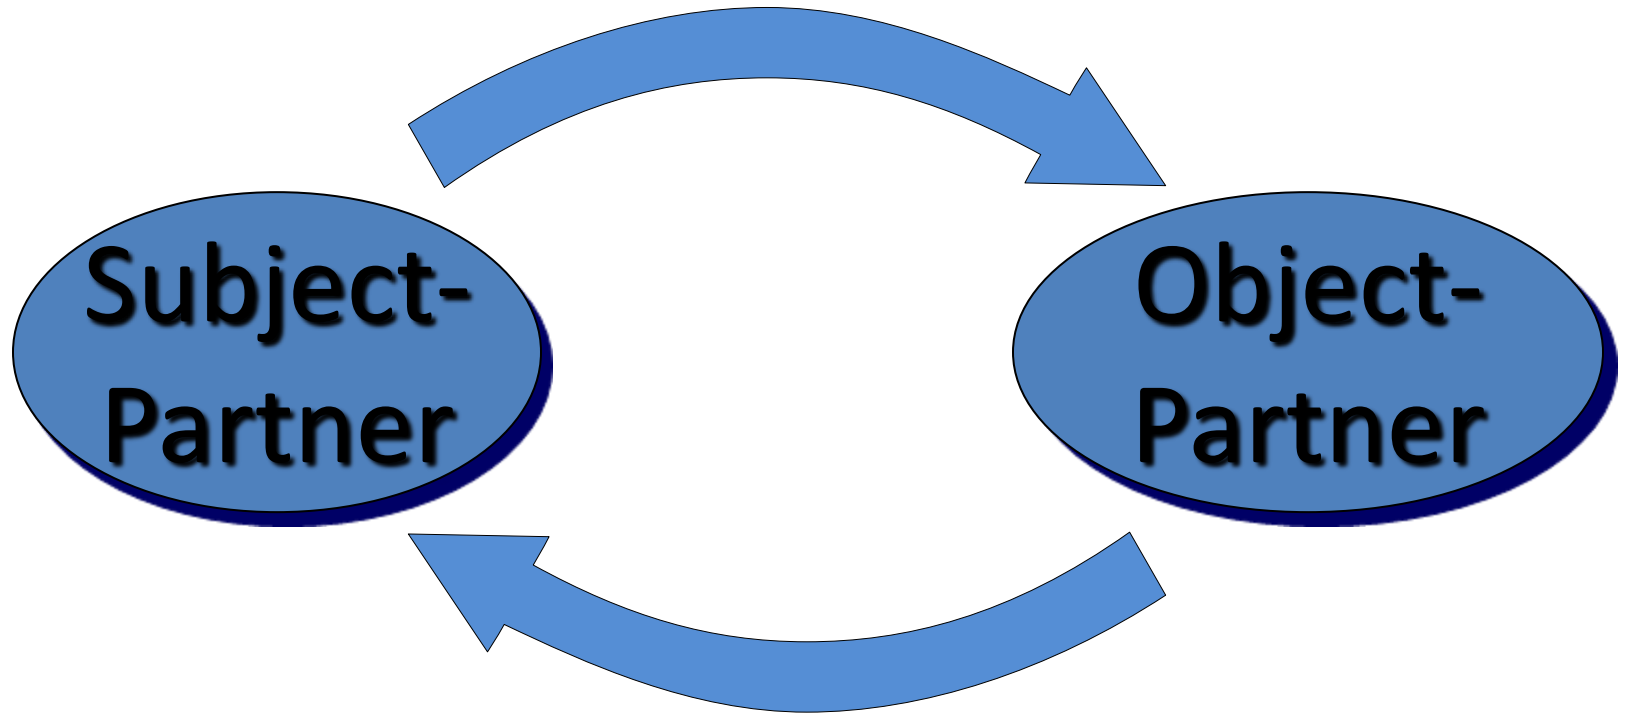

The desire to benefit yourself the most is natural.

But if it motivates you to “take,” it is selfish and wrong. You must understand that to benefit yourself the most, you must “give,” give your whole self to others. Then this desire to benefit yourself is good. *This simple truth will bring a new world order.*

The Family As the School of Love

"The family is the school where love for humanity is taught and learned. When children who are raised in the warm love of their parents go out into the world, they will care for people in difficulty in the manner they learned in their home. People raised in loving relationships with their own brothers and sisters will go into society and share their caring hearts with their neighbors. People raised in love will look upon each person they meet in the world as a member of their own family."

The field in the center is a mix of green grass and reddish-brown dirt, with some people standing on it. In the background, there are trees and a building with a red roof under a clear sky.
