A Heartfelt Awakening in Vienna: Young Generation Leads Deeply Moving Worship Service

Vienna, Austria - On October 25, 2026, the young generation organized a deeply moving and heartfelt worship service in Vienna, Austria. This profoundly meaningful gathering successfully brought together more than 130 brothers, sisters, and guests in person, alongside an additional 35 attendees who joined the experience online. Setting an uplifting tone for the day, the Vienna Music Team fostered a beautiful atmosphere filled with inspiring songs that invited the entire congregation to open their hearts and join in the celebration. This vibrant musical effort was notably supported by Benjamin Lajda from the Czech Republic, as well as young members visiting from Slovakia.

The service was elegantly guided by MC Julia W., who also offered the opening prayer to center the congregation. The heart of the event featured two deeply vulnerable and transformative testimonies. David Wurzer shared a touching reflection from his youth, recalling a specific time when he failed to respond to his mother's invitation to join her in prayer. Looking back on this moment, he expressed how the Heavenly Parent is always waiting for us, even when we fail to hear or respond to His call - an honest sharing that touched many hearts and inspired a gentle spirit of repentance among the attendees. Following this, Felix Umgeher delivered a powerful account of his journey to discover his true identity. He described navigating numerous trials, hardships, and profound spiritual experiences, which included encounters with both the good and evil spiritual worlds during his ongoing search for the truth. Ultimately, God spoke clearly to his heart, affirming, "You are a child of God," a moving realization that brought many listeners to tears and deeply touched everyone present.

To bring the profound event to a close, Tim and Rebecca Berger delivered a powerful closing prayer. The congregation then united for the final song, Monarch Butterfly, which cultivated a very special sense of connection to True Mother, Holy Mother Han, successfully uniting everyone's hearts in a shared state of love and devotion. Ultimately, the gathering proved to be truly meaningful, overflowing with beautiful music, heartfelt testimonies, tears, and a powerfully renewed sense of spiritual connection for all who attended.
