### True Parents Wanted Blessed Families to Realize by Themselves

True Parents gave the Blessing to all the people with true love regardless of their qualification. They gave the Blessing, thinking, "If I give the Blessing to them, they will be separated from Satan, and they will realize the value of the Blessing." And after the Blessing, whenever True Father has a time, he gave us his words again and again. Even though some members were dozing off during his speech, he left them as they were, and gave his words. True Father did give his words to us not because he needed us to do something for him. God's will is supposed to be fulfilled without you or me.

With parental heart, True Parents want to live together with us eternally, stay together, and feel joy together. And when they came to know that we think in the wrong way, they gathered us to give his words again and again. Why do they try to educate us after the Blessing instead of leaving us alone? Because they think we are their children. You also have your sons and daughters, don't you? You educate them, don't you? You would raise them with special care because they are blessed children. Some members might think, "Oh, I have a regret that I was not able to study when I was young, so I want my children to study by all means." However, even though your children study well, go to a high-level university, and externally succeed in life if the child is far from God and True Parents, it is meaningless, isn't it? If the child were far from God's will or fell, you would be hopeless as the parents.

In a sense, blessed children are the "emperors" for the parents of the 1st generation. Why are they "emperors"? An emperor can send us to prison, or cut our heads. It is an emperor,

an absolute monarch. Actually, our children can let us live, and also send us to prison. If the child become far from God's will, or fell, the child can punish the parents for their whole lifetime more severely than sending the parents to prison. Therefore, the blessed 2nd generation is an "emperor" of the 1st generation. We need to raise and guide them to become a "good emperor." We sighed when we realized its difficulty.

Father says, "Do Hoon Dok Hae in the family." All family members including a baby can gather together at a certain time everyday to do Hoon Dok Hae. True Parents say that 2nd generation who does Hoon Dok Hae does not go a wrong way. We should raise our children with True Parents words. When we raise our children by prayers in the morning and evening, and by doing Hoon Dok Hae, the children will go the right way. In this way, True Parents teach us how to raise children. They gave us educational materials. If parents follow the secular way without thoroughly teaching True Parents' words to their children, it is natural for the children to follow the secular way.

As you might experience, in the beginning of the religious life, it is really necessary to correct young members and encourage them. If parents are not so much active in educating children in the religious life, and live a life related with Satan 8th-degree or 16th-degree, how could the children grow? All the surroundings except for our family are in the Satanic world. The most precious thing in our blessed families is the family education. We have to raise our children correctly through our family education.

Blessed families should become the center of public attention. True Parents want that there is such a good rumor, "Oh, that family seems to be difficult financially, but husband and wife never quarrel with each other. They are

happily married. How can they raise their children in such a right way? They are a really happy family.”

However, there are problems with the blessed families. They came to like what the secular people do. Their way of thinking, favors, and the goals have become the same as others'. They have lost enthusiasm for God's Will. Even though True Parents do not express their feelings, True Parents are really worried about us. Without showing any anguish, they continue loving us. Because they are the true parents of true love.

### True Parents Bear the Cross

The Holy Wine you are supposed to drink after this workshop is prepared for this final great grace by Hoon Mo Nim directed by Heung Jin Nim and Dae Mo Nim. What does it mean? More than 3 years, Heung Jin Nim and Dae Mo Nim have also been worried about blessed families, thinking, "This is no good for them."

In particular, today is the time when Cheon Il Guk is substantially established. What is Cheon Il Guk? It is the nation where heaven and earth, parents and children live together governed by the heavenly law. It is Cheon Il Guk. On June 13, the "Coronation Ceremony of True Parents, the King and Queen of Peace in Heaven and Earth" was held. It was the time when God substantially dwelled on earth for the first time in human history. God dwells not only in the Cheon Jeong Palace, but also in substantial True Parents through whom God exercises His authority.

Blessed families are in the position of the citizens of Cheon Il Guk. They substantially need to establish Cheon Il Guk. However, we are still in the realm where satanic influence is rampant.

Our blessed families are connected to one another through marriage. This relationship is through blood lineage. When 2nd and 3rd generations are blessed and married, blood lineage becomes connected. What happens if heavenly lineage and Satan's lineage are mixed? Heaven has gone through great difficulties in the providence of restoration in order to create heavenly lineage separated from Satan. True Parents had to make an effort to creating pure lineage separated from Satan by giving the Holy Wine. Blessed lineage of blessed families should

not be mixed with Satan's. It is important for us to keep the pure lineage of blessed families and establish Cheon Il Guk?

For these reasons, Heung Jin Nim and Dae Mo Nim said to Hoon Mo Nim who offers sincere devotion on earth, "We need to ask True Parents to give blessed families a final opportunity for receiving forgiveness of their sins. Then, blessed families can start anew. We cannot leave this issue." And, through Hoon Mo Nim, they asked True Parents again and again to give the Special Amnesty.

Once, I heard a heartbreaking story as follows, and repent myself. Heung Jin Nim and Dae Mo Nim asked Hoon Mo Nim, "You can visit True Father with a bunch of tree branches. Show the calf of your leg in front of True Father. Ask True Father to beat the calf of your leg with the bunch of branches until all the branches will be broken. You need to bleed by being beaten for the sins of blessed families. If True Parents' heart can be liberated through that, you can ask them to forgive blessed families on the condition." In this way, in order to liberate blessed families, Heung Jin Nim and Dae Mo Nim in the spirit world and Hoon Mo Nim on earth offered sincere devotion. During the time, how far were blessed families from heavenly way, fighting with each other, and so on? Think of it. How shameful we are!

If True Parents had been able to forgive us easily, they would have already forgiven us 3 years ago not waiting up until now. Today, we have this "Holy Wine Ceremony for the New Beginning of Cheon Il Guk Blessed Families" on the foundation of True Parents' indescribable cross and sincere devotion with difficulty by Heung Jin Nim and Dae Mo Nim, and Hoon Mo Nim. Therefore, you have to repent yourself to participate in this Holy Wine Ceremony. You have to receive the Holy Wine with sincere heart.

### Today Is the Day to Start Toward Completion

I ask you to think that receiving God's grace and blessing does not mean our completion or fulfillment, but means a "beginning." When Adam and Eve who were a son and a daughter of God without sin received the blessing; "Be fruitful, and multiply, and replenish the earth, and subdue it," that did not mean the fulfillment of the blessing for

Adam and Eve. After receiving the blessing, Adam and Eve should have grown to completion fulfilling the portion of responsibility in the growing period.

We are the descendants of fallen human beings, and have various problems even after receiving the blessing. Therefore, even though we receive the Special Pardon through this Holy Wine, it does not mean that everything is solved. You should not think that everything will be fulfilled through drinking the Holy Wine. Today is the day when we can cleanse all sins in the past, but it is not the day of completion, but the day of starting toward completion. You have to know that you are on a start line. This is important.

We have to start today, thinking, "I am on a start line, so I have to change my lifestyle 180 degrees after drinking the Holy Wine." Both you and I have to change. We, blessed families, cannot stay as we are. From now on, we have to live our lives thinking seriously 24 hours a day, "God is with us, and what does God want us to do?"

Without realizing, we lost the right way and were influenced by the secular world 5, 10, 20, or 30 years after the Blessing. It is not easy to correct it. We need to make a new determination to change ourselves 180 degrees. With this determination, we should pray after getting up in the morning, and reflect ourselves when we go to sleep. We need a life separated from Satan.

In particular, the fall is a sin of blood lineage, which is an unimaginably serious sin. When a child was born between husband and wife, they need to live a life of prayer with purity, pure love, pure heart, and pure sex, and raise the child with total devotion.

This is the last forgiveness. Father said that there would not be forgiveness anymore. In order to forgive us, True Parents have to bear the cross to offer sincere devotion for making indemnity condition. True Parents have borne really heavy and indescribable cross for us. We need to know that we are so indebted.

True Parents do not want to be accused by Satan, do they? Today, we drink this precious Holy Wine to start from a start line. From now on, we have to surprise neighbors. We need to make them say, "Wow, how could he and his family be changed? Wonderful!" Our brothers and sisters

should help one another as real heavenly persons without speaking ill of each other, insulting each other, or gossiping without responsibility. Really, we should live for the sake of God's will.

### Life to Keep 3 Fundamental Conditions

Father once said, "Even though I forgive you, is it all for you? When you burn your hand and so on, even after the pain are cured, the scar still remains." Brothers and sisters, even though True Parents forgive us, we have the scar in us. Then, how should we do? God of love, our Parent, does not want to see the scar in us. We have to be approved of again by God and True Parents. We need to let them say, "That child smelled like Satan in the past. He committed a sin before. But, he changed now. How did he change like that? How did he become such a man of loyalty? He is a really precious child."

We should change 180 degrees, and become new persons. There are 3 conditions which a new person should keep. We should live keeping the 3 conditions.

First, keep the pure blood lineage. Blessed families, their sons and daughters, and all their descendants should thoroughly keep the pure lineage. We regard purity, pure love, and pure sex as the most precious virtue. Purity should be the first virtue of blessed families. Blessed families should be proud of keeping purity eternally. Externally, we should live a life of true love. Our blessed families should live for the sake of others, devote themselves to others, and love others around them. This is the first condition.

Second, we have to become families who restore the historical struggle of Cain and Abel. We all sometimes stand in the position of Cain, and sometimes Abel. What is the dutiful way of Cain, and what is the dutiful way of Abel? We learned what Cain or Abel should do. This means the horizontal relationship of human beings, such as relationship of brothers, relationship with other families, and relationship with the secular world. It is a concrete way of our life.

As is mentioned in the Principle of Restoration, Cain has to follow the principles: 1) Cain should love Abel, 2) Cain should respect Abel as God's mediator, 3) Cain should obediently submit to Abel, 4) Cain should learn

God's will from Abel and multiply goodness. On the other hand, Abel should embrace Cain and live for the sake of Cain. On this foundation, please do not hurt people's heart in our daily lives. Don't hurt people's heart by words or actions. We have done this unconsciously. We have to change completely! From now on, our brothers and sisters in the Unification family should be united and live a joyful life.

The third is related to ownership. We should give back everything through the Total Living Offering. This includes ourselves or our lives. After offering everything, there is no feeling of attachment. Originally, we should give back everything connected to the Satanic world to heaven. Then, when I receive something from heaven, it becomes my possession.

Inscribing these 3 conditions on our mind, we start today with the Holy Wine Ceremony. The moment the Holy Wine Ceremony finished, let's start with a different heart and determination. And let's fulfill all purposes. However much we may thank for this Special Amnesty, we cannot reward this grace. However eternally we may praise, we cannot reward this grace. When our spirits are high and full of gratitude, we need to start anew with serious heart.

If we start anew investing 1,000 or 10,000 times more filial piety and loyalty, the scars of our sins become invisible to the eyes of God and True Parents, according to True Father's words. What a precious "Gospel" this is! Let's start anew with new hope. Now, we will start the Holy Wine Ceremony. (Translated From the quarterly "Blessed Family" ( Spring 2007 ) in Japan)

### 祝福家庭自らが悟ることを願われた

真の父母様は真の愛の心で、資格を問わずに、すべての人に祝福をお与えになりました。「祝福を与えれば、分別され、この貴い価値を知るだろう」と思われながら、祝福してあげたのちも、時間さえあれば集めて、何度も何度もみ言を語っていただきました。前で居眠りしている者がいても、そのままほっておいて、み言を語られました。お父様が私たちを必要とされるから、私たちを集めてみ言を語られるわけではありません。私や皆さんがいなくても、お父様のみ旨は成されます。

真の父母様は父母の心情で、私たちと共に永遠に生きたい、共にいたい、共に喜びたいと思ってい
