## GOALS

**The Middle East Peace Initiative (MEPI)** is an ongoing global effort by 11,000 Ambassadors for Peace from 147 nations who have come to the Holy Land, joining hands with Jews, Christians and Muslims to bring an end to violence.

Our Ambassadors for Peace are current and former heads of state, members of parliament, religious and NGO leaders, women and youth leaders who engage in dialogue in the Middle East and bring a powerful impact back to their parliaments so that each nation can contribute to peace.

### MEPI Principles

1. There is one God, we are one family of God.
2. Human beings grow not only through satisfying physical needs (land, food, etc.) but truth and love are also essential for growth.
3. Marriage and family are sacred institutions.
4. The core principle for reconciling enemies is to live for the sake of others.
5. Interreligious dialogue bringing unity of faith leaders and cooperation with civic and political leaders is essential for peace.

## DIALOGUE

**Dialogues:** People from the three Abrahamic faiths explore elements of their common heritage that promote understanding, symbolic restitution, and new beginnings. Dialogues take place among counterparts in government and civil society.

**Pilgrimages:** Jews, Christians and Muslims and other religious leaders undertake joint pilgrimages, visiting each others' holy places, studying the holy books together, and praying and marching for peace.

**Person-to-Person Outreach:** In brotherhood/sisterhood ceremonies, people from different faiths and nationalities join hands and cross a bridge of peace together. People team up to knock on doors to listen to people's concerns and provide a living demonstration of diverse people working for a common cause.

*MEPI Participants at the Western Wall in Jerusalem*

**Cultural Exchanges:** Musicians interweave Christian, Jewish and Arab traditions in innovative ways. Youth dance teams from Jerusalem and Washington DC exchange visits.

## COLLABORATIVE ACTION

**Service Projects:** Created a computer school in Gaza and Beth Shemesh, and certified 400 students in computer training, promoting exchange between Israeli and Palestinian youth.

**Peace Academy:** A Peace Academy is being developed in both Israel and Jordan to educate people committed to peace-building.

**Peace March:** When the bombing occurred in Amman, UPF organized an international march from the wall of condolences at the Radisson Hotel to the Hyatt Hotel (also bombed) to show courage and comfort the people of Jordan.

**Voices of Peace:** The Voices of Peace international TV series gives air to moderate voices from throughout the region calling for peace.

**Play Soccer Make Peace** organized 16 soccer teams among youth in Gaza and opened a way for people in different parts of Gaza to visit each other for athletic competitions. Israeli, Jewish and Arab youth teams compete for a Peace Cup and played in an atmosphere of love and friendship.
