

# "But Who Do You Say that I Am?"

Jesus Christ had a powerful impact upon history . . . yet he is a stranger in the midst of the world he changed. People debate about Jesus, pray to him, fight wars in his name, but who knows him? Are there clues to what shaped his personality — his relationship to his culture, his disciples, his family, and friends?

Like Homer and Shakespeare there is a contagious quality about the life of Jesus — a strange merging of the visionary with the worldly.

Curiosity surrounds him. His teachings are broadly applicable. It is ironic that their significance has been hidden behind dogma.

In a non-sectarian lecture Carroll Ann Dobrotka will use old and new sources to present a life of Jesus Christ.

# "He Made Known His Ways to Moses . . ."

Moses was one of the greatest figures of the Old Testament. He shaped God's vision by helping the Israelites forge themselves into God's Chosen Nation. In addition to deliverer, Moses was also lawgiver, mediator, and prophet. His life and the Exodus are marked by high drama and emotion, anger, suspense, retribution. With the stroke of his rod, the Red Sea parted, a rock gave out water, the Nile became blood, and plagues ravaged Egypt.

What is the significance of these dramatic events? What was God's will which He had made known to Moses?

The purpose of Moses' life and activity can be summed up in the word "pattern." Moses was setting a pattern as a leader which not only the Messiah but every individual man throughout history would follow. All of God's manifestations of power through Moses were rehearsals for the lives of all mankind.

In a non-sectarian lecture using old and new sources Carroll Ann Dobrotka will present an understanding of Moses' life as the pattern for our lives.

# UNIFICATION?

YOU HAVE A CHOICE

The revolution that will unite mankind will not be accomplished by violence or handed down by governmental decree. It will instead begin in the hearts of individuals. Harmony and unity between all peoples and nations through the unity of religion, science, politics, economics and culture . . . is it possible? We say yes. Come to a noon rally on Sproul Plaza by the One World Crusade and find out why.
