-'Thank you for your visit, Wang-Omma! We appreciate your support and encouragement to be pure water. It is our time now to fulfill our responsibility; you and Father have given us everything we need to succeed. Thank you.'

-'Sharing this time with Wang Omma is the most precious gift our family could have been given. For my children (3rd gen) to meet, the living embodiment of the Holy Spirit is a once-in-a-lifetime opportunity. I felt my ancestors' presence traveling with us to attend our True Mother. I also felt True Father and Heung Jin Nim, Hyi Jin Nim, and Daemonim also joined in support of True Mother. Such a powerful presence that True Mother is coming, and the whole spirit world also mobilised to support.

We are eternally grateful, and having heard True Mother's words, we are both repentant for not having already fulfilled our duties as filial children and filled with new determination to bring about the world Heavenly Parent longs for. I really felt such a sense of newfound determination.

We will never be able to repay our debt to True Parent's and feel so incredibly blessed to have the chance

to be living at the same time as our Wang Omma!"

-"Dearest True Mother,

On the Bloom Pentecost Festival occasion, our couple decided for my husband to travel to Munich and for me to attend from home. I was very happy we made this decision, as I wasn't feeling too well that weekend.

I was looking forward to attending online and being able to focus completely on the event. I was very present. I did not have to deal with distractions from all the buzzing activity in the hall and members excitedly greeting each other. I had the best seat.

As preparation for your visit, we studied the 21-day Hoon Dok Hae Booklet that had been put together. We gained a lot from it, yet still within me, I wondered why there was so much talk about the 'Only Begotten Daughter'? Again and again. In my reckoning and from a Divine Principle perspective, True Father and True Mother are one. There cannot be any dispute about this. Where Father is, is Mother; and where Mother is, is Father.

When my husband came back from Munich, I told him, 'I got it!' Finally, I understood why you, True Mother, have to mention that you are the 'Only Begotten Daughter continuously.' Jesus came as the Only Begotten Son. His bride was never there until now. We have not understood this. What a painful and miserable history it has been. We can now live with renewed hope.

We are grateful to our True Father for continuing Jesus' mission, for sacrificing his life for our sake, and for the marriage supper of the lamb. That will never change. But the fact that God has given birth to His Only Begotten Daughter is miraculous. Providential history has been waiting for this.

I am sorry you have to keep on repeating yourself, True Mother until we finally understand the truth of what you are sharing with us. What we hear is quickly tainted by our fallen nature rather than by a pure heart.

Thank you, True Mother for coming to Europe! And for your unconditional love. The weekend was very special for me.'

-'I have felt your deep Love and Care for all the details of my personal life. I am determined to bloom and grow. Thank you from all my heart.'

'Even though my wife and I couldn't attend directly we watched the proceedings online. It was a beautiful memorable experience to see True Mother here in Europe once again and brought back so many wonderful memories of her previous visits. So much hope as a result of her visit. Although I shouldn't have been, I was surprised at how filled with the spirit the programme was. There was a real sense of the Holy Spirit's presence and blessing the programme and of course, True Mother being present meant that was going to be inevitable.

Many of us are well into old age now and feel the inevitability of the time when we will follow the many brothers and sisters and, of course our True Father, who have passed into the eternal home. However, hearing True Mother's words and seeing, and indeed, feeling her great love for everyone, has renewed our own determination to push even harder to accomplish Heaven's will for however many years we have left on this earth. Thank you so much True Mother for coming to see us and bringing hope back to our sick continent. We love you and pledge to keep pushing to support you and Heaven's will until our last breath. May our Heavenly Parent keep you safe and healthy and give you many years on earth yet so that the many 2nd, 3rd and even 4th Generations can see you and learn from you what Heaven's heart is truly about. You are truly the Only Begotten Daughter, Mother of Peace and Mother of the Universe. Wow!'
