

FFWPU UK: United Football Games Is Fast Approaching

Michael Balcomb

June 11, 2024

The United Football Games Association aims to foster international bonds and experiences among youth, with six countries - France, England, Italy, Germany, Spain, and the USA - participating in a three-day tournament from June 28-30, streamed live on YouTube, and hosted in our own Cleeve House.

The United Football Games Association was created in January 2024 to make it official in the eyes of the world. This year for the fourth time, we have the goal to create bonds and experiences with international youth through these events.

Six countries will be present for a unique moment for football fans and football enthusiasts: France, England, Italy, Germany, Spain and, to our great delight, the USA.

The matches will be able to watched live via the United Football Games [YouTube Channel](#).

The players have be staying at and around our own Cleeve House in Seend, Melksham, with the matches being played in football pitches around the local area.

Those who want to watch the games in-person are welcome to attend however, a small donation is requested to support the running of the event. Minimum £10.

The teams have officially been announced. Find out who's playing by clicking on the links below: [France](#); [England](#); [Italy](#); [Germany](#); [Spain and](#); [the USA](#).

The tournament will last three days from Friday 28th to Sunday 30th June, requiring a great deal of planning and funding. If you want like to support the event, [click here](#).

Friday 28th June (group phase)
