

Summary of My Reflection why SC is wrong!

On **Apr 18 2008** HgJMoon was appointed as president of FFWPUI. (It was a month after Hyo Jin nim's seonghwa and also 12 days after TF asked H1 & KJ to stand on the left & right side of TM representing Cain/Abel respectively in Hawaii to set up the new course of C/A restoration after the eldest son's passing). In TF's prayer this day, TF mentioned about (1). *The position of HyoJin nim & HeungJin nim as HgJ's elder brothers who are true representatives of C/A in the spWorld and (2) HgJ's mission of resolving resentments of the 3 ages (OT.NT and age of the 2nd Coming)*

We should see that it is not the position or authority that they are inheriting immediately and should not be referring to the "persona" himself... BUT TPs are conveying right there and there that IT IS THE BEGINNING of a new providential course of claiming victory between C/A and resolving historical resentments

Going back on the **April 6 2008** ceremony in Hawaii, (12days before HgJ's inauguration) we need to TAKE INTO SERIOUS CONSIDERATION, which the brothers (H1/KJ) were asked by TF to UNITE CENTERING ON TM. (We need to learn from what TF had been doing and dig deeper the significance of every ceremony & declaration he had been proclaiming).

Position is twined with HISTORICAL responsibilities and if the CF failed to fulfill it or the mission is left undone, history showed us that God changes the person to continue the FORMULA COURSE (study chapter Predestination of the DP regarding the course of Central Figures)

Then from the sermon HgJ gave in **Nov 14 2009**.. He mentioned TF asked him to convey the following message and had to make sure that members understood it seriously that **"if any of the TC or GTC denies TPs or any in-laws, members shld not follow any of them."** Why? *We need to TRUST TF's intuition.* He for sure had seen the possibilities and was giving us the warning. That serious request from TF was made a year & 7 mons after the inauguration. AGAIN we can say that the *appointment is not absolute! It all depends on the fulfillment of POR.*

In an interview on **Nov 24 2009** HgJ mentioned that **there's no confusion about succession as long as TM is here**. This is in accordance to what TF had clarified with him during their 8 hrs talk. *This is ANOTHER ONE BIG ISSUE! This is TFs message to him during their "8-hr talk....." as he mentioned during the interview.*

From the **June 2010 issue of Todays World Magazine...** an article of HgJ testifying that **there was nobody who had achieved such unity with TF except TM that even he and other disciples couldn't cope with**. He saw firsthand experience that it was only TM who could cope with TF's schedule and activities. He even said TM is not human being in this case. His original mind was still pure to see the greatest spiritual value of the TPs

From the speech in **2011 Apr 4**, TF said that **the responsible person for the Unification Movement is NOT HgJ nor KJ. On top of them is TM. TF emphasized that WE SHOULD NOT FORGET THIS**. Again, why TF had to keep on repeating this issue about successor and top leadership of the entire UM? *SIMPLY BECAUSE TF could see the possibilities and again has given us WARNING.*

On **April 14 2012** TF declared **TM as perfected Eve and TF offered that day as the day where the Internal God (HP) and External God (TP) have achieved perfected unity because of the unity of TF and TM as the TRUE PARENTS**. TF emphasized this point in the speech that $TP = TF + TM$. We have to see this as great revelation. TM is the substantial form of God's feminine aspect and through her the unity of GNight & GDay was achieved

On **Jun 5 2012** TF declared **the perfected and firm settlement of the TPs who together with God had accomplished 96% of the providence perfectly and that the remaining 4% lies on HTMs in order to build the Kingdom of Heaven**. From that day TF said a New History would begin CENTERED on TRUE PARENTS. Just few months before TF's passing, TF declared this very important point.... .

AND on **July 16 2012** TF sincerely asked those present during the inauguration of ABEL Women UN to *choose the path of TM which is the path of a true daughter, a*

true wife, a true mother and a true woman leader. TM is the model, TM is the leader, **she is the next HEAD after TF.**

Then on **Aug 13 2012** TF prayed that **he had accomplished, perfected and concluded the providence** and now is the time for HTM to build the CIG through tribal restoration & community breakthroughs. What was the most important achievement TF had accomplished? ***Finding TM and perfecting the course of the TPs; establishing the True Family & producing millions of Blessed families worldwide.***

Going back **in 1990 Mar 1** that **TF declared $TP = TF + TM$** . and **in Mar 27 1990** TF **declared TM as 2nd founder** of the church with an equal status with him when it comes to leading the entire movement. and **in 1991 Nov 3** TF answered the question Who is the Messiah by saying **TF and TM the TPs are the messiah.**

So the speech on **Nov 27 1994** when TF said that **unless there is a Nation** (the Cheon Il Guk) inheritance (and succession) would not be passed down to Children. This had to be taken into serious study which has connection with the **Nov 24 2009 speech of HgJ** regarding his 8-hr talk with TF about successor. *Hyung Jin Moon's time is not yet NOW.* TM is still alive and THERE ISN'T YET a NATION.

(note: you can read also my previous post about [ISSUE ON SUCCESSION](#))

HgJ as the "supposed successor" should be the first one to build this CIG nation for God & TPs and the world. This is HgJ's foremost impt responsibility.

So all the CLAIMS of SCers are null and void.. MEANINGLESS at all when viewed from TFs declarations. Even the claim of 3 crownings for him wasn't actually entitled for him but it was a declaration of the return of the victorious authority for God.

IF AFTER achieving perfection one can still FALL then even God and the DP are not true. Therefore to say that TM failed at the last minute is absurd

If the appointment in 2008 April is absolute then all TF words after that are FAKE and valueless.

If TM really disunites with TF and elevated herself above TF as SC claims depicting TM as evil woman who has excessive desire for power and selfish motives, etc, then their 52-year long relationship of being together and those public appearances that they have been together portraying an immense volume of love with each other could be considered FAKE and just a show-off.

Can a genuine love relationship sealed & declared by TF as true love be able to change overnight or right after the lost of the other partner? ABSOLUTELY NO!

Because if the SC claim is TRUE, then there's no hope for the perfection of love. If that is really true, then we shouldn't believe even True Father because he could be an IMPOSTOR too and UC is false.

If SCers continue to pursue the way of destroying TM & the movement, the more falsehood they would create to justify again and again the lies they have started. The end results of this will be denying the Principle and establishing a tradition that is outside of God which is happening now before our eyes. Worst is ignoring TF which they are doing NOW un-noticeably by ignoring the volumes of TFs words that are not fitted to their claims, purposes & goals.

Denying the other spoken words of True Father in the past decades is similar to a crime they are throwing against TM of changing the TEXTBOOKS because TF said, His words before and now are forever and for eternity.

(note: you can read too my previous post about [ISSUE ON 8 TEXTBOOKS](#))

These are the implications of things if we will believe SC claims.

Is TM qualified and authorized to do what she is doing after TFs Seonghwa? ABSOLUTELY YES! APPROVED and CERTIFIED by TFs Words. Editing the textbooks, replacing the leadership, making a system, proclaiming herself as only Begotten daughter, etc are but JUST RIGHT and authorized because TM is

also the Messiah & TPs who is absolutely united with TF and most importantly She is the feminine aspect of God.

Let them who have eyes can read and understand this. Let those who are seriously searching for truth and clarification to confusions clouding some of us find time to reflect from TPs words.

Heaven and hell depends on your choice.

God Bless us All!
