

## Heaven's image reflected through True Mother

When I look at True Mother, she reminds me of calm and clear water. When a lake is calm and clear, it reflects the whole sky. As the moon reflects the sun, True Father's image is reflected by True Mother shining back to reach the rest of the people. I always feel that. When I pray for True Father I feel aroused and dynamic. When I pray for True Mother, I become calm, tranquil, profound and serene. Sometimes I feel more of the image of heaven reflected to me through True Mother. Compared to the wind, her character is like a breeze. Compared to a flower, her character is fragrance. In the balmy spring air, you feel something embracing and warm, so in your mind, you feel that there is something beautiful hatching in the world. True Mother Nature gives out life after life. Our True Mother reflects True Father's active nature, but in a passive way, returning it and shining out to reach everyone.

True Mother is always soft and fragrantly calm and reflective. When she is deeply hurt or when she feels that she must scold the members around us or her immediate children, she looks very sad. Sad, that is all. She looks at the members or her children without saying a word and with a deep tearful heart. Sometimes she says a word or two in a whispering tone. She always says, "I trust you." When you are told that you are trusted and that you are expected to do something for others by someone who loves you, you are more encouraged and more repentant than when you are ordered to do something or when you are scolded or even punished.

True Father is not only the father of love but also of judgment, but he always withholds judgment until the last minute, hoping that the conditions for judgment will be dissolved. Before he scolds someone, he prays first, forgetting his sleep or his food. Sometimes we feel that Father is so loving that we can relax and take it for granted. Then the next moment we may feel dark inside, holding something fearful that we dare not take to him. But in True Mother, we find the soothing element coming to her children. Whenever we are hurt, we turn to her. Even just looking at her would calm our hearts. Still we feel the great serenity, fragrance and soothing tone coming to us in full vibration.

True Father is like the light; True Mother is like the warmth. True Father is like the sun; True Mother is like the moon. True Father is cause and True Mother is the effect. God wanted Adam to have a bride to complete himself. We must have our True Parents' reflection in ourselves. In doing that, we must be receptive. We must have the same frequency, the same resonance, so that they can perform the act of give and take with us. Sometimes we may complain that the sun is not shining. But in every case it is the clouds created in our own minds that are blocking the sunbeams from reaching us. But the sun is always shining there, just and fair to everyone. Even when they are away, we feel their vibration all around us, if our spiritual posture is facing them.

You must always set aside a place for True Father and True Mother. In Korea, the blessed families always have True Parents' room ready; when they eat, they have the True Parents' food there. They eat, sleep and live with them. Spiritually living together in that way is very important. We must encourage ourselves and each other to remember our True Parents and live with them in heart.
