

Garden plots available at UTS Barrytown Community Garden

Henry Christopher
April 20, 2012

We still have a few plots left in our community garden on the beautiful Unification Theological Seminary in Barrytown.

Each plot is around 21 ft. square. We have our own source of water with two long hoses that can reach each of the 20 garden plots. The garden is fenced all around to keep out deer and we are strictly organic. No chemical fertilizers, pesticides or herbicides are allowed. The yearly garden fee is \$20/plot.

If you are interested in having a garden plot this season, please contact Henry Christopher.
