Dear Brothers and Sisters,

May the love and blessing of our Heavenly Parent and our True Parents be with you and with your families.

This Sunday, April 3rd, our families around the world will be celebrating the 52nd True Parents' Day, together with our True Parents and True Children. True Parents have returned to Korea for the Holy Day celebration, after spending several weeks in the Western United States. So much blessing (and responsibility) is coming to America because of the tremendous investment here by our True Parents. Many of our brothers and sisters are flocking to Las Vegas to help in the completion of the distribution of 120,000 copies of True Father's autobiography, according to True Parents' direction.

Also, our International President, Rev. Hyung Jin Moon, and his wife and family have been with True Parents here in America, making a strong condition to attend them over these next two years. Hyung Jin Nim is a true son of filial piety and is an example to us all in his devotion and attendance to God and True Parents.

In addition to True Parents' Day, this Sunday we will also celebrate two incredible years of Lovin' Life Ministries with our Senior Pastor, Rev. In Jin Moon. After attending the Holy Day Pledge Service in your local church, everyone is invited to attend the Lovin' Life Sunday Service, to be held in the Hammerstein Ballroom (Manhattan Center) from 10:00 AM, Sunday, April 3. Following the service, there will be lunch for all; then from 1:00 PM, a Ballroom Social and music from Sonic Cult. It will be a wonderful celebration of the second anniversary of Lovin' Life, and a great way to lift up our True Parents, Hyung Jin Nim and In Jin Nim, as we prepare to launch the third year together.

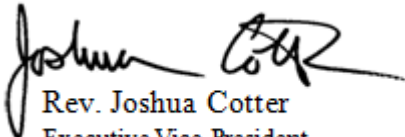

Since her ministry began, on Easter Sunday, 2009, In Jin Nim has always testified to True Parents (the "Breaking News") in a natural, personal and beautiful way, bringing us to tears through her many inspiring sermons about her own experiences with Father and Mother. Our families have been transformed through this ministry across the nation. In Jin Nim always supports and lifts up the worldwide mission of her younger brother, Hyung Jin Nim, as he guides our movement, centering on True Parents.

Now we can see that many new members are beginning to join our church in an unprecedented way. The results of this 'natural witnessing' (through the internal and external excellence of our families and our ministry) are now starting to pour in. We truly

expect the floodgates to open wide in this third year. April is the month where we are 'launching' the national initiative to build the ministry of Lovin' Life in every corner of America, so that we can reach millions of people with the "Breaking News" of our True Parents. Let's do it, brothers and sisters!

Happy True Parents' Day and Happy Anniversary, Lovin' Life!

God bless you and your family.
