

Need for Matching & Blessing Supporter

Susan & Ashley Crosthwaite
December 13, 2013

God's Ideal of Blessed Families is at the heart of what our movement is about. True Father speaks of in the Peace Messages that God's ultimate purpose for creating human beings 'is to experience joy through relating with ideal families filled with true love.' A few months ago statistics were compiled that showed by 2020 the vast majority of second generation in the UK will be over the age of twenty. This will mean that there will be a strong need for matching and blessing information as the next generation strive to realize this ideal for themselves.

We are looking for people (no matter what age or generation, as long as you are Blessed and living with your spouse) passionate to help their brothers and sisters and would like to work part-time with Ashley and me to provide information for matching candidates and young blessed couples.

You would be needed to:

- Be available to provide information

- Visit British church regions

- Be up to date on matching and blessing procedures

- Communicate with UK & European Blessed Family Departments and attend various leaders meetings

- Staff on occasional European & UK Blessing Workshops

- Able to share through email/website information about upcoming blessings and relevant workshops

We would reimburse you expenses incurred (travel, administrative, books etc.)

This is a demanding but fulfilling opportunity to serve others. Please consider it prayerfully as it is an area of increasing need. The deadline for any responses is Sunday 5th January 2014.

First reply to us and based on that we'd possibly like to invite you to the next Blessing Preparation Workshop 16th - 19th January so that we can discuss the role more.

Sincerely,

Susan & Ashley Crosthwaite
