

## UK-CARP's Los Angeles CARP Project 2017

Mieko Davies  
March 10, 2017

Hello Everybody

Last year 2 CARP members and I went to Los Angeles CARP to learn about their witnessing method and after that welcomed Mrs. Hiraki to Germany and the UK.

After Mrs. Hiraki's workshop, we started witnessing at Queen Mary's University and Greenwich University

LA CARP is very successful in witnessing and expanding in the USA. Mrs. Hiraki started witnessing in the University café from 2014 and now there are more than 120 new CARP members plus 2 nd gens working there. It is an amazing result in just 3 years.

USA universities will start at the end of August so this project is from the beginning of September.

Age: over 17 years old – 1st and 2nd Gens welcome

Date: around 1st September for at least 21 days but longer is preferable

Fee: flight; accommodation at a church property \$7 per day; food, some travelling expenses (Las Vegas etc.); travel insurance and pocket money.

If interested in please contact.
