

40-days Holy Separation Period Guidance

True Father's Words

After this ceremony, your couple needs to complete the 40-day holy separation period. This period is equivalent to 40 years. It is worth 40 years of True Father's lifetime. You must conquer the number 40.

You have received the Messiah after 4,000 years in the course of restoration. You have received the Second Coming Messiah after 4,000 years from Jacob. It must get over the number of 4,000 years. Therefore, we must get over the number of 40 in a flying jump from now. Jesus must be married at the age of 40. It is right, based on the Divine Principle.

You must indemnify everything from here. You must indemnify centering on True Love. After you go beyond the number 40, you can inherit the true love of God. Then you can freely love each other as husband and wife. It is to indemnify the history of 4,000 years.

The period of 4,000 years from Adam to Jesus was the recovery period of True Love. As was the period of 4,000 years from Jacob to the Second Coming Messiah.

These periods were to find an ideal couple. Therefore, the 40 days is to make a condition of indemnity. Your couple (husband and wife) must not have sexual relations during the 40 days. You will start your sexual relations after the 40 days.

During this period, your couple must pray for the will of God and the nation of God. You can discover your true self, separate evil spirits that are constantly trying to bring you pain and misfortune, and improve your relationship with your spouse.
