This Summer, July 4- 26 AAP is an exchange program between America and Africa guided by True Parents direction. This project will grant an opportunity for individuals to find ones self value and their life calling thru acts of service, thru seeing a different reality and experiencing new cultures. Changing the way you see the world and expanding ones horizon. But most of all it will connect America and Africa via bonds of heart. And all in 3 weeks, a rather short period of time compared to other year long programs. Program includes community service at farms, a clinic, a church, a school, a safari trip and a visit to Victoria Falls. It also seeks to bring bright and capable youth from Africa to come study in the USA. For our first Project we will be going to Zambia, a country that has a lot

of foundation.

Registration for AAP closes on June 4
