Last night on their last working day in Las Vegas the Japanese missionaries invited two of their guests to attend our Tuesday gathering. They were Christian and Mason. Christian have not study DP and Mason have attended a 7 Day workshop. Both young men were very inspired by the presentation of Mr. Walton on the Physical & Spiritual world and discussions.

During our light dinner I asked Mason the part of the DP that resonates with him and his response was the Principle of Creation / the ideal of creation for mankind (FPF, Three blessing). They look forward to our next gathering on next Tuesday.
