On Saturday August 19, CARP hosted the 2nd annual purity workshop as a preparation for the purity pledge ceremony on September 10. The Japanese missionaries, GPA CIG missionaries, LVFC and CARP members worked together and brought 18 guests.

One new thing was that a youth minister Staci Julian from the Remnant Ministry came to speak as a guest presenter. He was excited to see our young group, and shared his life stories to encourage a life of purity.

Many guests were touched by the lectures and sharing with each other.

On that foundation, 17 young adults participated the Blessing workshop on Sunday afternoon. Two 1st generation CARP members were introduced to the idea of the Blessing for the first time. Although it was a short beginner level workshop, everyone was deeply reflecting about the depth of love and heart of HP and TP as they listened to the value and meaning of the Blessing.
