A total of 81 students successfully completed the 6-weeks series of the “Life Skills and Abstinence” education held during the Performing and Visual Arts summer camp at the W Las Vegas Arts Center (WLVAC). This yearly free education is provided by FEEF to support the WLVAC’s goal to produce healthy, solid and responsible citizens with discipline and resiliency and become active community ambassadors through performing arts.

Gi Sun Dennis, a FEEF volunteer and sophomore UNLV student, shared his own experiences and realizations growing up with his parents’ guidance to pursue righteous living, faithfulness, love and peace by maintaining purity in heart and body. He then led everyone in reciting the “Purity Pledge”, representing their commitment to living a pure life and waiting for “True Love.”
