February 22, 2019

On February 22nd, Friday was the Fifth Spanish Divine Principle mini workshop.

This Friday we were 23 persons, including myself.

I have been showing a very famous movie about the Spirit World, "The Astral City" Martha and Juana brought a Mexican Tamale banquet, there was plenty of food for every one to repeat . What a treat!

Everyone seemed very attentive to the lectures, I am developing a mini workshop that will not last more than one hour, next Friday we will have an "intermission" after 30 minutes, to give the guests a break for coffee, dinner will be served after the workshop.
