

## WFWP Las Vegas Announcements and February Newsletter

Ken Doo  
March 8, 2019

Dear LVFC Community,

WFWP-LV will hold a chapter members meeting on Sunday after LVFC Service. The exact time and room will be announced at the Service. We will announce 2019 changes in Leadership and plans for our providential community supportive programs and events for this wonderful and exciting year. Please enjoy the attached February Newsletter.

### Chapter News - February, 2019

Thank you to all those who could help support the "Built from Heart" 2019 Fundraiser for the Schools of Africa. It was a great success because of you. On February 2, 2019, many professional entertainers and speakers helped to raise funds for education at the WFWP Schools of Africa.

Please visit the WFWP-US (please have all your friends and co-workers click and become a friend!) and you can see this full report in the Logic of Love News.

On Feb.9<sup>th</sup> we could launch our WFWP Youth program by participating in service work with Shine City Project. It was a freezing cold morning but our volunteers felt really good about getting out there with many other groups and help beautify one of the city's nature preserves at the Clark County Wetlands. The Shine City team made everyone feel welcomed and connected and just by being their true selves they could stand as great role models for their younger youths.

On Valentine's Day, Feb. 14, WGFWP-LV was happy to attend and support the Borneman Tribe at a beautiful True Love Lunch and Marriage Rededication Program. Lovely couples could share their stories of decades long marriages and also new found loves and healing. It was a beautiful time shared together.

On Feb. 23<sup>rd</sup> there were three events that needed our attention and all of them were so rich and nourishing for our relationships with very wonderful women around Las Vegas. The different organizations are all doing fantastic work for the community and society at large. The first was a journaling workshop led by a WFWP long term member Terri Eileen Liggins. Terri is an author and professional ghost writer and also a dietician coach, having survived an “incurable” illness through “laser focused” nutrition. This workshop gathered very high standard women community leaders from many states.

The next was the Greater Las Vegas Women in Ministry conference “Firebrand”. WFWP-LV was very happy to support Ms. Kay Yamaguchi in her outreach to Women Christian Ministers. These exceptional women have been gathering together in this annual nation-wide interdenominational conference for 7 years.

Finally, on the evening of the 23rd, five lovely WFWP-LV representatives could support our dear friend and long-time supporter Dr. Reeta Thukral. Dr. Reeta is passionate about access to quality education for the “at risk” young people of Las Vegas. Her Global Charity Foundation, (GCF) also does educational and medical work in several cities in India as well as these after school tutoring programs here in America, in Las Vegas. Her Gala Fundraising event brings together very thoughtful, public-minded educators, doctors and business leaders.

Thank you to all the members, supporters and friends of WFWP-LV. Thank you for all your heart and love for your families and for doing all you do, to make your homes happy nourishing environments. This year of 2019 promises to be a landmark year for our beautiful city of Las Vegas. Let's reach out together with arms of love and wrap up this town in the Mother's Heart.

We hope you will join us in our core planning meetings, our educational programs and our service activities. Together, mutually supporting one another, we can have a lasting, positive impact on our culture, city, state and nation. Please, let us know about your thoughts and concerns and how we, as a collective, can collaborate to support your personal network and life aspirations.

Yours in the Logic of Love,

Las Vegas Team
