Las Vegas Family Federation for a Heavenly Community

Newsletter Issue No. 844

Welcome to LVFC HD Newsletter!

17. Today, the most important thing is where we plant our roots. The place our roots should take hold is not the province. Provinces are made up of counties (gun), and under the counties are districts (tong) and villages (li). However, all these became places Satan took over and occupied. For this reason, we must plant our roots in local communities (tong) and neighborhoods (ban). You should know this from the viewpoint of the Principle. That is why the Unification Church must be single-minded in its goal to break through in the community. We have only one goal, and that is restoration. All of us, whether in the past, present or future and whether at the formation, growth or completion stage, have only one purpose. It is the same path for all: we must build a rock-solid foundation centering on the local community. (171-299,19880120)
