On June 29, 2019, Shine City Project spent time volunteering at Three Square! The only food bank in Southern Nevada, Three Square's mission is to provide wholesome food to hungry people, while passionately pursuing a hunger-free community. In 2018, with the help of more than 1,400 community partners, Three Square has been able to distribute more than 39 million meals to food-insecure individuals.

On this Saturday morning, we had ten volunteers representing Shine City Project. Two of our volunteers, Mark and Yuka, were veterans of Shine City Project who were joining us again for the first time in years! Although it was a simple task, our group was given the responsibility of placing a spork and napkin pack into each meal box. These meal boxes would be used to help provide nourishment for food-insecure children in Southern Nevada. Dividing into small groups, we were able to work together quickly, and even competitively, to accomplish the task at hand. At the end of the service project, with the help of volunteers from another group, we were able to fill more than 13,000 meal boxes with spork and napkin packs! Though our task was small, we were happy to know that our efforts could help feed many kids in our local community!
