

We hope the new semester has been good to you so far. Here's how CARP Las Vegas started the 2019 Fall Semester - strong and bold.

TRIBE TALK @ UNLV & CSN

Tribe Talk Principle of the Month:

"Elevating my love and character is an essential step towards living a fulfilling life."

Week 1: We started this semester's first Tribe Talks by asking a very fundamental question to all of us - *"How can I live a truly fulfilling life?"* [Click here for the reading.](#)

Week 2: *"Empathetic Listening" - featuring an award winning 4 Essential Keys to Effective Communication in Love, Life, Work-Anywhere!* by Bento C. Leal, an avid supporter of CARP Bay Area. We put the Principle of the Month into practice by learning how to listen. Effective communication is vital in any relationship, but it's a skill that needs to be developed. We worked on elevating our love and character through intentional effort in growing our ability to understand one another.

SEPTEMBER 2-DAY RETREAT

Theme: Find Your Purpose - Change Your Life

College isn't just a place of learning, but also a time where we grow.

Every month, we try to take one weekend to be intentional about our growth and learn more in depth about Principles in life that can help us.

CARP members Micheal Cordero, Chungbom Katayama, and CARP alumni, Kobe Neuhaus gave an overview of the Divine Principle, answering some of life's fundamental questions.

Our next retreat will be on Saturday, October 19th, 8:30 am to 10:00 pm. [Click here to REGISTER now](#), ask the person who invited you to CARP, or [just email us](#).

CARP is a college student group, committed to empowering young adults to contribute toward building a peaceful, unified society.

The founders, the late Rev. Sun Myung Moon and his wife, Dr. Hak Ja Han Moon, had a vision that young people would be educated in serving the world before serving themselves, their families, and their nations.
