*** Daily TPs' Hoon Dok Words ***

God has not been able to work directly in the spirit world. Instead, God motivated angels, saints and good ancestors to perform His work. If He could have worked directly, the Fall would never have happened. True Parents are the ones who are building the bridge that allows God to be able to work directly. True Parents came to earth and are solving completely the reality of false parents. God comes down to earth on the foundation of this purification from the individual level to the cosmic level, and He is carrying out His work centering on that completed foundation. True Love Study Course - Seminar

This was the first True Love DP Course Seminar using the new reading material and hoondok method (reading and discussion in a small group – guided by a facilitator). I felt it went well. Everyone, from the young to the elders, had a good learning experience. Through this first test – it became clear that the ideal schedule would be to go through...

Shine City Project

Our Shine City Project volunteers met at Legacy High School where preparations for the service project were already underway. To help build the school garden, we had nine volunteers representing Shine City Project. Out of our nine volunteers, we had one volunteer joining us for the first time! Additionally, about a hundred other volunteers from other organizations, including a number of students from elementary to high school, had also come to help out...

FAMILY FEDERATION FOR A HEALTHY US

On November 24th, Las Vegas Church held a Thanksgiving service and a Thanksgiving luncheon. Church provided turkey and cooked some of volunteers at their home. The weather was a blessed and nice to eat outside. After lunch, brothers and sisters sang songs and enjoyed poker games, reflecting on the meaning of Thanksgiving. I would like to express my sincere gratitude to those who cooked turkey and brought potluck food, organized entertainments and volunteer to clean-up on Thanksgiving.

THANK YOU
Volunteers!

We couldn't do it without you
