

Colorado Family Church August Local Highlights

Michael Hentrich
September 5, 2019

Dear family,

Here is the summary of some of the various activities and projects that happened in August. Enjoy!

National Leadership Conference In New York

Pastor Mike had the opportunity to attend the national leadership conference and participate in the planning sessions for upcoming rallies and spent time with other church and ministry leaders from around the country.

Youth Group Campout

Sunday School teachers and parents came together to organize one last summer outing, an overnight campout, before the children all start their new school year. They swam, camped, ate good food, played capture the flag, and much more. Thank you to everyone who helped make this possible.

Official Welcome for Loretta Mari

This month we had the blessing to welcome Loretta Mari officially as a committed member of our community. Loretta has worked really hard to get to where she is at now. She attended the membership class in July and committed herself fully and shared a beautiful testimony of finding her spiritual home through reaching out to God in her time of crisis.

Establishing a Wonjeon (Burial) Site

Months ago, Dr. Hentrich and a group of our church members began looking all around Colorado for a potential site where we could create a burial site for all of our members. They found a beautiful site (not the one pictured above) that fits all of the criteria that we were looking for and shared the results of that effort earlier this month. We will be sending out an email with more details soon.

Third Interreligious Sharing in the Grand Valley

In August, we created a special group comprised of new members and their spiritual parents to learn the foundational spiritual principles and habits of being a Unificationist. This is exploring uncharted territory,

which makes it all the more exciting to see what comes of it!

Spiritual Growth Group

On August 29th, religious leaders of five faiths came together to share on the topic of, "Heavenly resolution of conflict." Representatives shared what they learned from their religion that could be applied to navigating conflict peaceably and some real life examples. Mormons, Born-Again Christians, Hindus, American Lutherans and Family Federation for World Peace were all represented. Thank you to Gale and Antonio Alves for continuing to organize these events.

We had some great messages from this month, such as "[Servant of Servants](#)", "[Living for the Sake of Others](#)", "[Celebrating the Life of Rev. Sun Myung Moon](#)", and "[Inheriting the Legacy, Building the Future](#)." These messages wrapped up our latest sermon series on Inheriting the Legacy, Building the Future. If you missed any of them, you can watch them on our [YouTube Channel](#) or [Facebook page](#).

Special Recognitions

We'd like to welcome Harmony Kingsley, who has recently moved to Denver and joined our community.

We'd also like to welcome Miri Kamar, who has recently moved to Denver from Israel to join her husband Anton.

After many months, we've finished the alleyway fence.

We are making more effort to keep our church building clean and reduce the risk of spreading illnesses. Starting in August, we now sanitize Sunday School and play room toys in a similar manner as at daycares.
