# Let's talk.

Dialogue is a hallmark of great educational experiences. In that spirit we'd like to invite you to provide input about a possible undergraduate program at UTS's Barrytown campus. We've created an online survey which should take less than 10-minutes to complete.

About 5 years ago, UTS deployed a similar survey. The response was enthusiastic, but the Administration did not pursue this program, due to a lack of startup funds.

In February Rev. In Jin Moon, in her capacity as the chair of the UTS Board, authorized the creation of an ad hoc committee of the Board to explore this, as well as some other options for UTS.

For those who responded before, we invite you to resume the dialogue and let us know your current thoughts about an undergraduate college at Barrytown. For those who are reading about this initiative for the first time, we hope you will give us your feedback. Here's the survey link:

We will publish the results online. If you enter an e-mail address at the end of the survey, we'll notify you when the results are available. ***To be counted, we need to hear from you by May 16, 2010.***
