The following are snapshots of my spiritual experience during this event.

Snapshot of Angels

We arrived at the venue with enough time to prepare for the event. From a spiritual perspective, what I first of all became aware of was that the room was completely lined with Blessed members in white Holy Robes, including the stage and the balcony area. Interspersed at various points were tall angels in white gowns with gold trim borders. One such angel was clearly visible on the stage just behind TP picture and to the right of the speakers.

Snapshot of Absolutely Good Spirits

I had left my seat, briefly, to fill in my Wish Papers, and on returning had to pause to catch my breath. The whole atmosphere was saturated with absolutely good spirits. Their presence was unmistakable. I just stood – mouth wide open – struggling to grasp the awesome magnitude of the presence of so many good spirits. As I continued to my seat I saw a brother whose wife had already ascended. She looked just like she had on earth and was walking, actually struggling, to keep up with her husband whose top she was holding on to from behind – so cute, really!

Snapshot of Heung Jin Nim and Dae Mo Nim

When Hoon Mo Nim arrived on the stage, beaming with a beautiful smile, I could clearly see that both, Heung Jin Nim and Dae Mo Nim, were standing behind her in a very calm and peaceful way. As we proceeded to sing the Holy Song, “Grace of the Holy Garden”, what looked like a large white dove arrived and stood upright on Dae Mo Nim’s right.

It arrived with its perfectly formed wings outstretched. Its body was full and strong and at least as tall as Dae Mo Nim. Although a bird, it stood upright like a person closing its wings and exuding a feeling of majesty, strength and wisdom.

As we finished the song the dove disappeared and a large bright gold light in the shape of a star appeared above DMN's head.

Snapshot of Hyo Jin Nim

I was truly grateful for DMN's speech during which she reminded us of the importance of witnessing to our lives and to the lives of the Second Generation. She said, "Witnessing is like breathing." Towards the end of the speech I became aware of the presence of Hyo Jin Nim. Although we had been told that the True Children from the spirit world would be attending, I didn't expect this. From that moment until the very end of the program, I could feel Hyo Jin Nim's energy, like an immovable pillar in the centre of the room - very strong and very, very focused.

Snapshot of Snakelike Spirits

As the Holy Song Session continued I glanced over to where someone was sitting and saw something unexpected. From the hip area about a third of their way out was a group of snakelike spirits. Their heads were similar to the slide Dae Mo Nim had shown us of the spirits inside us, but their bodies were like snakes'. However, as this person worked harder, the scene changed until, by the end of the session, many of these spirits were gone.

Snapshot of Ancestors Liberation

As the Holy Song Session came to a close with the singing of "Hallelujah", I saw a group of spirits standing together. But their bodies were not completely normal. Some seemed sort of crippled and hunched over. All were thin and some very skinny – almost skeletal and dressed in black rags. The spirits followed along as they were guided out. The place they were heading towards could be seen to be a brighter and lighter place.

Snapshot of Fulfilment of Wish Papers

It was during a conversation with a friend on the journey home, that I first realised that God had already started working on my one of my Prayer Wishes. By the time I arrived home, I realised that He had started to fulfil another. I checked my notes to be certain. Yes, these were the requests of two Wish Papers. But less than 24 hours had passed and already I could see evidence of God working to fulfil them. I felt deeply moved and overwhelmed by this expression of God's love.

In her speech of April 30th, 2005 and referring to the fulfilment of Wish Papers, Dae Mo Nim reminds us, "This kind of God is our God, and our families' God. We are fortunate indeed!"
