Terry Sweeney

We have recently had two new trustees join our team, Terry Sweeney and Tim Read. Here is a short biography of Terry:

I joined UM in June 1976, aged 19, and was a full-time missionary for 8 years (mostly MFT) before becoming a home member ever since. I have had many different job roles and studies (including LLM) before teaching law for 18 years at one of the biggest colleges in the UK. Now retired from teaching and involved in various projects. In terms of past experience of sitting on committee boards, I was Chair of Governors for two years at a Catholic Primary School which included 5 years as a parent governor. Currently, I sit as a parent governor at a Catholic Secondary School. At my workplace, I served as a teaching trade union leader for 9 years, negotiating with senior management over employment terms and conditions of service for teaching staff. I hope to bring some of these experiences to bear in serving on FFWPU's Board of Trustees. Thank you.
