

FFWPU UK has Local Initiatives Fund – apply now for grants

Matthew Huish
October 6, 2018

Have you ever thought of a great idea for a project? It could be a one-off local event that aims to serve people in your community or an ongoing national programme that delivers education. The Local Initiatives Fund has been created so that any FFWPU member in the UK can submit a project proposal and request financial support.

A simple project proposal form [[attachment_id=5866](#)] has been created, along with guidelines [[attachment_id=5865](#)] on the kinds of expenses you would consider applying for. If you would like to request budget for a project, please complete this form and submit it to hq@ffwpu.org.uk. The FFWPU National Council will review the request and decide how much to offer in support, usually within a month of receiving the request.

Our greatest asset in our community is our membership, and it has been through the efforts of blessed families up and down the country that God's blessings can be shared to this country, and the subsequent victories returned back to God. If you feel God calling you to start an initiative, please don't hesitate in sharing your idea and requesting budget to support you.

A simple project proposal form [[attachment_id=5866](#)] has been created, along with guidelines [[attachment_id=5865](#)] on the kinds of expenses you would consider applying for.

A sample of possible project expenses:
