Overview:

With a busy lifestyle it is easy to dismiss the importance of both spiritual growth and peaceful relaxation on our quality of life; so the motivation of this retreat is to deepen our thoughts through inspiring content and enjoyable leisure. By spending time building friendships, enjoying nature, and receiving content, we can reflect and be reminded of some of the important aspects of life.

We are very happy to have secured exclusive use of the Totland Bay youth hostel, right next to picturesque beaches and walking trails on the Tennyson downs. The schedule will be fairly relaxed, with varied morning talks followed by a range of options for afternoon and evening activities. Additionally, we will aim to shape the theme and activities on the workshop towards the needs and desires of the group. All parts of the schedule will contribute towards the goal of spending quality time together.
