On December 8, the Houston Family Church was excited to celebrate and share the news about 18 local Unificationists successfully completing the full volume set of True Mother Hak Ja Han Moon: An Anthology at Sunday service.

Upon accomplishing this joyous feat, the Houston Unificationists have gained a profound understanding of Family Federation for World Peace and Unification (FFWPU) co-founders Rev. Dr. Sun Myung Moon and Dr. Hak Ja Han Moon's course and life mission. Unificationists were especially touched by the heart expressed by Rev. and Dr. Moon, which has moved them to a determination beyond doubt.

In one of the books, Rev. Moon wrote a letter to Dr. Moon in 1965. He described the first Parent's Day he celebrated in America, representing five different races in attendance. As a coincidence, five different races were also represented among the Houston locals who completed the Anthology.
