

True Father: Your entire purpose is to live as God, giving His way of life and His love!

Anyonghaseyo, dear brothers and sisters!

Here again an inspiration, based on the words of True Parents and Heung Jin Nim:

True Father: "... through Adam and Eve God aspired for the day when His internal attributes would become external substance. God's hope for restoration is to bring human beings into alignment with this majestic hope He had at the time of creation." [1]

With other words, God wanted to find His "internal attributes" in His children, and in all their descendants. That means God wanted Adam and Eve to develop the same level of love and heart as God. Indeed, He wanted them to become even better than Him, in terms of love and heart.

Since Adam and Eve deviated from this path, all mankind went into the wrong direction, far away from the majestic ideal God has.

God has never given up on mankind and has managed to establish True Parents in our time. Green light is now given for God's ideal of love to be realized:

True Mother: "True Parents opened the way for humanity to be reborn and engrafted to the ideal lineage of the Heavenly Parent through the Blessing. True Parents paved the path for us to be able to restore ourselves and achieve individual perfection." [2]

Individual perfection means the perfection of our heart and love. It means to develop our hearts to the level of the heart and love of God. It means to inherit the realm of God's heart and to become True Parents ourselves:

True Father: "You must inherit the realm of God's heart. You have the theory, and when you practice it, you can become one with God. You must establish such a tradition."

Inheriting the realm of God's heart is the real tradition of True Parents. There is nothing more important than this. The more we inherit the realm of God's heart, the realm of true love, the more we embody God's love and live God's life:

True Father: "You are living God's life and whatever you do and wherever you go, your entire purpose is to live as God, giving His way of life and His love."

Living with the heart of God in ourselves is our entire purpose. Adam and Eve did not make it, but we are supposed to finally get there, to become Kings and Queens of love, owners of true love, thus building God's Kingdom, the world of the heart:

True Father: "God is longing to see the eternal ideal Kingdom of God built on earth as well as in Heaven. Let us join in this holy task. I pray that you all will become the owners of God's true love." [3]

True Mother: "I pray that FFWPU members and all Blessed Families come to possess an explosive love which can embrace and love the entire world." [2]

As we become embodiments and owners of the true love of God, we will become more and more God-like. We will become "second Gods":

True Father: "Father is looking at you, literally looking at you, and wishing that one day you will be the second God, you will be the small God, and that is what Father is waiting and praying for, nothing else. Whether Father has tremendous influence in the world or anything, that's small compared to what Father looks [wants] you to be." [4]

The more we manage to become the visible God, the more we become the good progenitors, that Adam and Eve were supposed to be:

True Father: "We should be devoting all our hearts and minds to becoming the progenitors of goodness that humankind has been seeking and that God has been seeking." [5]

Of course, that goes only with constant training of heart. We need to always watch ourselves internally and make sure that we are progressing all the time, not carrying the same limitations from one week to the next, from one year to the next.

In this process we have to closely watch our motivation to make sure that we are acting and speaking based on an unselfish desire to give love, without expecting a return. That for example means that we need to focus on understanding and uplifting others, instead of trying to be understood and uplifted by them. We need to forgive others, even if they do not forgive us. Through this focus we can purify our hearts and grow fast.

We can ask Heung Jin Nim for help in this important process of purifying, expanding and deepening our heart and love:

Heung Jin Nim: "I will teach you how to love. I am the professor of love. I will teach you how to love. If you ask me, I will teach you. But if you do not ask, I will not come." [6]

The other great professors of love, True Father as well as Jesus, are certainly waiting to teach us love as well. We only need to ask them. That is all. And that will make a big difference in our life.

Love from Bruno
