

True Father: God-centered love alone can unite the world!

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

True Father: "If we are to escape from this yoke [of the fallen realm], we must constantly live lives of true love, practicing forgiveness and always giving to others. Through this process, we are able to return to the realm of God's ownership based on heart." [1]

In the fallen world people are used to follow their fallen nature. Therefore resentment and hatred are widespread, and people know revenge rather than forgiveness. People only think of their own interest and have no clue about loving other people without expecting anything in return. They talk about love, but do not know what love is:

Heung Jin Nim: "America is starving, starving, starving for true love. Satan has given his filthy counterfeit. Everyone uses this word, they profaned it and defiled it "love" and only they mean selfishness, greed and lust. They do not know what love is." [2]

Not only America, but the whole world is starving for love, true love. Instead of true love, there is a lot of selfishness everywhere in the world. And this leads to conflicts, on all levels. This is hell on earth. All this can only be turned around by a lifestyle that is completely different. It must be the life of true love, God's way of life. Nothing else can create the Kingdom of God, the ideal world of love:

True Father: "God-centered love alone can unite the world. No matter how difficult it may be, no matter how severely divided it may be, the world can become one under the banner of such love." [3]

Our world is indeed severely divided, and therefore there are not many who can imagine that an ideal world is possible. However, by the strongest power in the universe, the power of true love, the ideal world can and will be established:

True Father: "If you put yourself in the position of God or Jesus -- trusting persons while they betray you, loving persons when they don't deserve it, wanting to live and care for those persons while they are not qualified -- the world will change." [4]

By the highest quality of love, a love that can even forgive and embrace enemies, this world will be turned into the Kingdom of God. But where does this love come from? Of course, from God. But who will channel that love to the world?

True Father: "The more you do as a channel of God's love, the more you will inherit." [5]

Heung Jin Nim: "... you must be the teachers of love." [2]

It is our great privilege to be called to be those channels and teachers of love. It is not just a responsibility, but a big blessing that we are well able to fulfill, each one of us. God has given us all the potential, and if we use this potential or not is up to us. If we think it is too difficult, it is too difficult. If we think we can make it, we can. It all depends on the concepts we have about ourselves.

What makes us channels and teachers of love? Not simply knowledge, but the right heart of love. A heart that is in line with God's way of loving:

True Father: "We need to love those in the position of our enemy more than we love our sons and daughters, more even than we love our parents. Only when we reach such a state can we prepare the royal grounds of peace and lead the people to the royal palace where we all can live together." [6]

By us becoming such people, God can express His heart through our heart, and we can certainly move the hearts of others. They will be drawn to us:

True Mother: "Cheon Il Guk leaders who have gathered here, your scope and influence must be magnified. Become a leader who can touch the consciousness and move the heart of those who live in this age." [7]

By the quality of heart and love we will be able to influence the people around us. We all can lead people by true love. Nobody will object to true love. Everyone wants to be part of a movement where a love that is true and genuine, is being practiced all the time:

True Mother: "You should show them [the people] what kind of person you are and tell them you became what you are because of True Parents, and encourage them to join you. That is what True Parents meant by starting a true love movement." [8]

People need to recognize the quality of our love and be drawn by that. For this to happen we need to embody true love everywhere, anytime, in any situation, to everyone we meet, without exception. That must be our daily focus:

True Father: "We have to embody the words [of God] through true love. Then when you plant those seeds that stem from the original seed, people will be inspired and moved." [9]

True Father: "If you are becoming the consummation of the love of God, then you are becoming a perfected man [woman], and those who come near you will melt in the spring atmosphere of that love. Then sadness, hardship and pain will melt away without reason." [10]

By us becoming more and more the embodiment of the love of God, we make other people happy, by our love. But we will certainly not lose out in this process:

True Father: "Therefore the true measure of your happiness is whether you are close to the central standard of true love. Happiness or unhappiness cannot be determined by how much money you have, but only by the purity with which you exercise true love." [11]

The more we embody the love of God, the more will we become people of permanent happiness.
