Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "What we have to do is not just receive the words through Hoon Dok Hae, and not just follow them or be pulled by them and carried around, but we should be able to go around and plant the words, i.e. plant ourselves, which means to be the substantiation of God's words. Wherever we go, we should plant ourselves as the word of God." [1]

Studying the word of God and conveying it to others is certainly precious, but it is not enough to build the Kingdom of God.

The word of God has to become visible by us BECOMING the word. That is the meaning of substantiation.

But then, what is the meaning of BECOMING the word? Our first human ancestors were supposed to BECOME the word of God. In real terms, they were supposed to become people in the image of God, with the same level of heart as God, the same level of love as God. They were supposed to become people of heavenly love. Simply said, they were to develop true love, BECOME true love, being able to express the heart of God at any time to anyone. That is the real meaning of becoming the word.

Jesus said: "Whoever sees me sees the Father." That means that people could experience God through the heart of Jesus. His words were God's words, and his heart was the same as God's. That also applies, of course, to True Father and True Mother. Through both of them God expresses His heart fully.

When Father asks us to plant ourselves as the word of God, he wants us to also become a pure channel for the love of God. Planting ourselves then means to plant heavenly love into the hearts of people, wherever we go. And such planting will of course lead to a harvest. Unconditional "planting" of true love into the hearts of people, wherever we go, is like sowing seeds of true love, and these seeds will germinate, in one way or another, sooner or later:

True Father: "The amount of true love you invest will multiply and develop. The more you set the power of true love in motion, the greater it will grow so that you can embrace the world, the universe and even God." [2]

Planting divine love all the time makes us very powerful:

True Father: "If you become a person receiving and utilizing love and use your life as a bullet in God's war, then you will make yourself one of the strongest people on earth. Nothing will be able to destroy or deter you." [3]

True Father: "Even when the entire world is thrown into confusion, if your love does not change, or if you choose the path of loving others for their sake, then you can always be in control of any situation. Nothing can stand in your way." [4]

We will become unstoppable, as long as we plant divine love into the heart of everyone. We will become giants:

True Father: "Only the power of love could begin the new history and new age. When a person has the power to even love his enemies, he is truly a giant and there is nothing he cannot deal with or embrace. Ultimately that person shall conquer the world in God's way." [5]

We need to plant a love that is indeed true. That means our love needs to be such that we do not hesitate to invest it into the most unlovable people, even if they reject it over and over. If that stops our love, then our love is not true, and does not have the immense power that true love has. True love however has gigantic power:

True Father: "Everything that has to do with human circumstances and recognition in the world comes to an end. Yet eternal true love never comes to an end, no matter how much you give out. Amazingly, it continues eternally. Therefore with the power of love you can move the entire universe and still have more remaining." [6]

But this must be a love that embraces all kinds of lovable as well as unlovable people, breaking down all barriers, like True Parents always did, still do and will always do:

True Father: "Reverend Moon is one man who has been embracing everyone, including good people and evil people, trying to melt all their qualities with the true love of God. No one has thought in that fashion, let alone lived his entire life that way. Without a doubt, all mankind shall come under this one tradition. The True Father and True Mother have committed their lives for the sake of their mission, for embracing the enemy world." [7]

True Mother: "My husband and I never stepped back from challenges. Even when we faced persecution, we did not harbor any ill-will but rather prayed for those who opposed us. By overcoming such challenges we were given even greater blessings than we could have dreamed of." [8]

Embracing the enemy world, embracing everyone, good or bad, with an unconditional heart, is certainly also our task. It certainly moves God's providence. We need to follow this pattern, and then we will be highly successful in our lives:

True Father: "True Parents' love here on earth is like a formula or tradition. Anybody who follows that formula or tradition is bound to succeed. Not only will you succeed here on earth, but you will also succeed in spirit world.... This kind of love will be welcomed anywhere, anytime, because this is the love of God." [9]

And anyone has the potential to reach such levels of love. It just takes desire and practice. Also asking True Father, Heung Jin Nim and Jesus for constant education of heart will definitely be very helpful. Those giants of heart will help us to gradually reach their level of heart and love, thus transforming us into the living word, the living love!
