

## **True Father: Ultimately you will become like the original center, like a sun which generates energy**

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Heung Jin Nim:

True Father: "Please do not be a person who must come to hear me talk in order to be revitalized, because you will only need to return again and again. Rather try to find that supply within yourself." [1]

We need to become able to motivate and inspire ourselves, instead of always depending on others to lift us up. If we always depend on others to inspire us, then, if others are not around, we burn out and feel empty.

If we always need others to lift us up, then how can we lift up others, how can we inspire others? So the question then is: How can we motivate and inspire ourselves, so that in turn we can inspire others and help them to become able to inspire themselves as well?

This is only possible if we focus on our real purpose, which is advancing in heart and love, becoming the embodiment of God's love. If instead we focus on external and similar things we tend to burn out:

Heung Jin Nim: "So you've been very stubborn and determined in the past, and not giving up in terms of your responsibilities. But now you need to make a determined effort, ten times that determined in terms of reaching into yourselves. That is why sometimes you felt empty because your determination was more external, but not internal." [2]

Reaching into ourselves means going forward in our heart, reaching higher and higher levels of love. It means to exercise the heart:

Heung Jin Nim: "Exercise the heart in your actual practice, actual loving, actual reaching out. That is needed because if you just remain in your head, sooner or later you lose power.... Determination will not save the world. Love will save the world." [3]

We may be very determined, do great things, do great projects, pray long prayers, study scriptures a lot, do a lot of fasting and cold showers. All this is good, but is not our first and foremost job. Our job is to advance in heart:

Heung Jin Nim: "It is your job to go forward, and this is not just an external responsibility; it is not just obedience to Father's latest project. It is going forward in your hearts..." [2]

Heung Jin Nim: "Are you just the servants who work hard on Father's projects and beat your brains out

every day? That's not God's desire for you; it's not our True Parents' desire for you. They want to bequeath more to you." [2]

God and True Parents want us to inherit their very heart. Certainly nothing less than that:

True Father: " I never want to feel that you are just following my instructions but rather that you have really perfected yourself in the image of God on your own initiative." [4]

God and True Parents want us to become people in the image of God, who can love the way God does. The more we grow in that direction, the more inspired will we become, because we will see the hand of God working in our lives more and more. Certainly we will not burn out or constantly need others to lift us up.

True Father: "Your gradient of influence and power is based on how much you are growing. Ultimately you will become like the original center, like a sun which generates energy rather than the moon which reflects energy." [5]

At that stage we will love the way God does, even people who oppose us, even so called enemies. As we make effort to love even our enemies, we can really have an impact on the providence.

Making effort to love those that oppose us or that are hostile, is indeed the ultimate. It is the key for restoration, on all levels. Without making effort to love the enemy, we do not get very far, no matter what kind of great things we may do otherwise. Loving the enemy is the key, is the boundary line:

True Father: "... you must love the evildoer WITH YOUR WHOLE HEART. That is the condition you have to fulfill. God is MOST CONCERNED about that condition, so those people who are striving to be God's children should also be most concerned about it. This standard of loving.... is the very BOUNDARY LINE between God and Satan." [6]

Instead of fighting with so called enemies we need to love them, no matter what. That is what God wants to see. That will win the world back to God. Nothing less will do, no matter how hard we try, no matter how great things we do otherwise. It will not work:

True Father: "As members of the Unification Church, we must love everybody. First we must love our enemies, whether some personal enemy or some enemy on the family level... Otherwise we cannot go to Heaven because Heaven will reject us." [7]

We can create world peace only if we love everyone, including those that we would rather avoid or fight with. Instead of fighting with them we need to unconditionally respect them, embrace them and forgive them. Then God can work, and we will certainly reach higher and higher levels of heart, becoming more and more energized and inspired.
