

True Father: Since God is the true King, He wants to be governed by a person with true love

Anyonghaseyo, dear brothers and sisters! Here again some inspiration, based on the words of True Father:

True Father: "When you become a man/woman of perfection, Satan is powerless to influence you." [1]

A person of perfection is a person with perfect love, with a love of God's quality of love. A person of perfect love has developed God's heart in himself/herself, and such a heart is not changing, no matter what. It is always focused on investing Godly love into the hearts of others, no matter to what extent they may be hostile, arrogant, aggressive, unfair, unjust or whatever. Perfect love cannot be stopped by that.

Satan has no way to stop perfect love. Because such love embraces even people who are totally on Satan's side. So Satan has to either surrender to such love or escape. He does not have any weapon against it. So people who are working to perfect their heart and love become stronger and stronger:

True Father: "If you become a person receiving and utilizing love and use your life as a bullet in God's war, then you will make yourself one of the strongest people on earth. Nothing will be able to destroy or deter you." [2]

"Utilizing" here means to practice. And the bullets in God's "war" are our heart and love, nothing else. Only divine love will establish the ideal world:

True Father: "Our battle is not the knife battle or the gun battle or the fist battle. Our battle is that of love. Love is our weapon." [3]

True Father: "We do not fight against Satan with fists; we fight with love." [4]

The more we practice God's level of unconditional love, the more powerful we become. Because then God can support us more and more:

True Father: "The more I invest and forget how much I have given, the more God will support me." [5]

True Father: "You never have to retaliate; all you have to do is give completely and totally, and then God will return to you more and more abundantly." [6]

To give completely and totally means to meet people with the heart of divine love, accepting them as they are, forgiving them, respecting and embracing them, no matter what level they are at, no matter what they believe, do or have done. This is the level of God's love:

True Father: "It would be normal for you to love only those who respond to you in love. But when you

sacrificially give of your love to those who are hostile to you, you begin to reflect the real quality of God's own love. True love moves in this way. Its quality does not change regardless of the response of the people." [7]

This is indeed the greatest truth. Those who make all the effort to go that way, will be highly blessed:

True Father: "... the more we fulfill the duties of filial children, patriots, saints, and divine sons and daughters centering on the direction of true love, the more we will progress, never to retreat." [8]

True Father: "God will always raise up those who are on the side of true love, bringing them higher and higher..." [9]

Not only that. God wants to be "governed" by a person of true love, a person who loves the way God does:

True Father: "Since God is the true King, He wants to be governed by a person with true love, even if that person is of the lowest rank. There is nothing that true love cannot permeate." [10]

To "govern" God means to win Him over by the level of our love. He will be on our side, moving in our life, in amazing ways. And certainly our prayers will be highly effective:

True Father: "Become a magnet, a mover of people's spirits; become a spiritual magnet drawing people with love. Maintain this condition or attitude, and then your prayer will become a reality." [11]

This is indeed the recipe for the greatest success in our life:

True Father: "The success or failure of our lives depends on how much love we pack into those 80 years that are given to us." [12]

If we fill our lives with the love of the highest quality, then we will become the most successful people:

True Father: "You must love so much that the universe will be filled with your love and you will reap the fruit of all the seeds of love which you sowed. Then will you be rich or not?" [2]

Most definitely we will! Our life cannot be more meaningful than that! Because we did the ONE thing that really matters, loving the way God does.

Love from Bruno
