

## True Mother: True love is to love even someone who seems impossible to love

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Sun Jin Nim:

True Father: "You as well as I are to be true parents, and kings and queens of peace. Today heavenly fortune is with you, as it is with me." [1]

The True Parents will be the first True Parents forever. But that does not mean they will be the only True Parents forever. We all are requested to become True Parents. Otherwise God's homeland, the ideal world, cannot be established. God's ideal world consists of ideal people, people in the image of God, godly people:

True Father: "We now have the opportunity to establish our homeland that will also be God's homeland. That homeland requires sovereignty, territory and godly people." [2]

How do we become godly people:

True Mother: "The world of peace can never come to exist as long as we focus only on receiving love." [3]

Our focus has to shift away from trying to be loved and respected by others. Our focus has to become investing and forgetting, not expecting anything in return, just loving, respecting, forgiving and embracing, no matter what the response is:

True Mother: "True love is to love even someone who seems impossible to love, and thus, in true love you have no choice except to love even your enemies... With true love we can achieve true peace." [4]

By going forward on this revolutionary path of loving even people who are not easy to love we become the inheritors of God's heart. We become divine people:

True Father: "In general, people think that living for others entails loss, and is not beneficial to one's self. However, you must know that the truth is otherwise: this principle enables you to become the owner, the central figure and heir. This is how heavenly law works." [5]

Nobody can say that he or she cannot inherit the heart of God and become True Parents. We all have the potential. It only needs to be discovered and actualized:

Sun Jin Nim: "We should become like our Heavenly Parent. As our motto says, let us "practice true love in resemblance to our Creator." By initiating the action and motion of true love in all aspects of our lives with compassion, empathy, service, forgiveness, and living for the sake of others, we each have the possibility to resemble our Heavenly Parent." [6]

The more we inherit God's quality of love, the more we become True Parents ourselves. Inheriting God's heart, inheriting God's quality of love, is our God given destination. It is our God given destination to become those godly people that can establish the ideal world. The more people walk this path, the more the true love revolution spreads on the earth:

True Father: "Please recognize that it is time to accomplish a true love revolution of overwhelming proportions..." [7]

Blessed are those who focus on accomplishing such a glorious revolution in their own hearts, by striving to love the way God does, day and night!

Love from Bruno
