Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Mother: "A person who has cultivated a True Parent's heart and a True Teacher's heart is a true Peacemaker." [1]

A true peace maker is the one who has inherited or strives to inherit the heart of God. And the heart of God is about unconditional love, unchanging love, towards even the worst person in the world. The heart of God is all-embracing, not rejecting anyone, wanting to uplift everyone, wanting to invest into everyone, even without getting anything in return.

That is the heart of God, and that is the heart of True Parents and Jesus, and that is exactly the heart that all mankind is supposed to inherit. That is the goal of restoration, and certainly nothing less than that. God will not rest before that is achieved. But it does not depend on Him alone.

The world has experienced lots of wars and conflicts. It has experienced and still experiences the biggest injustices. And many who have gone through all this, are full of resentments and hatred. Even when those resentful people passed into the spiritual world, the resentments did not simply disappear. They are still in the hearts of those people who once lived on earth, and they still affect this world, creating new havoc all the time, everywhere. We just need to watch the news and there it is.

All this cannot be solved by politicians, who themselves often act on resentment. The conflicts in the world cannot be solved by debates or discussions, not by religious rituals either. They can only be fully solved and removed by true peace makers who have inherited the heart of God, or at least focus on attaining such a heart, day by day.

Such people, by the power of their heart and their unchanging unconditional love for everyone, even hostile people, can help the people of the world, including the ones in the spirit world, to get rid of their resentments and to get filled with Godly love themselves.

All the difficult problems in the world can only be overcome by true love, a love that loves the way God does, that never stops, no matter what:

True Father: " If true love were perfected in the history of humankind then all problems of politics, economy and culture, including struggles and fights, would be solved. All the difficult problems in the world now can be fundamentally solved only through the perfection of true love." [2]

We all are called to perfect our heart, our love, so that this world finally will become the world that God has dreamed of since before creation, a world where true love is anywhere, anytime, a world where there

are no conflicts and struggles at all, because everyone is in line with God's heart and love.

To get to that point, more and more people must become able to truly represent God and True Parents, but not just in name:

True Father: "You should not represent me in name only, but in responsibility and heart." [3]

The more people walk that path, the more the world will be rid of all conflicts and struggles. The world will be completely liberated and will be in accordance with the purpose of creation:

True Father: "Liberation comes to our world only when you members truly represent God and the True Parents to the rest of the world... Their [the people's] original minds, like antennae, are pulled toward you." [4]

This liberation comes to the extent that we embody the highest standard of love, the love that loves everyone generously, without expecting anything in return, a love that is more than willing and ready to invest even into enemies.

Such love will indeed make this world God's world. And we can be at the forefront of such a true love movement, that the True Parents came to establish:

True Father: "The roots of a tree can penetrate even a huge rock; in exactly the same way, the power of love will grow and take root over the whole earth." [5]
