Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim (in the spiritual world):

True Mother: "I am saying that we must all become God's true children." [1]

True Children of God are those who embody true love, who love the way God does:

True Father: "Therefore, to become God's children, our first responsibility is to resemble God. We need to embody true love." [2]

We all have the potential to develop our own heart to the level of God's heart, so that we are in the image of God and are able to love like God. We all have the potential to become God's true children. God and True Parents want us to become even better than them:

True Father: "If you truly love me and truly want to follow me then you must become better men and women in the sight of God than I am. That's my wish. That means you can inherit 100 percent of what I have received from God. My foundation, tradition and blessing can all become yours." [3]

True Father: "Your family is the third generation in front of God. Your family represents True Parents. Therefore you should be better than I am." [4]

True Father: "You should aspire to become embodiments of God, embodiments of the True Parents and embodiments of the Parents of Heaven, Earth and Humankind. In fact, all these Parents want you, their embodiments, to be better than they are." [5]

To be "better" than God and True Parents mean to have a deeper heart than them. Some might think that is unrealistic, but this is exactly what God and True Parents are waiting for. They want us to become God-like, and nothing less:

True Father: "Father is looking at you, literally looking at you, and wishing that one day you will be the second God, you will be the small God, and that is what Father is waiting and praying for, nothing else. Whether Father has tremendous influence in the world or anything, that's small compared to what Father looks [wants] you to be." [6]

God and True Parents want us to become giants of love who can love the way God does and True Parents do:

True Father: "I watch you more closely than you realize and seek to nurture you so that you can grow into giants in the sight of God." [7]

True Mother: "The citizens of Cheon Il Guk are each called to strive each day to become a True Parent, a True Teacher and a True Owner." [8]

True Mother: "Please become sons and daughters that resemble True Parents and realize their hopes. This is the way to give blessings to our descendants in the future." [9]

If we get there and how fast we get there, depends on how much we advance in heart and love every day:

True Father: "We, who are created as God's children, likewise need to be able to completely invest our own love absolutely and eternally. If we do so, then the kingdom of God will become our kingdom, and God will belong to us. In short, our lifestyle will be the same as that of God, the master of the heavenly tradition. Then we shall surely become God's sons and daughters, and eternal life and immortality consequently will be ours." [10]

True Father: "You are born as the princes and princesses of love. You must become kings and queens of love and create the kingdom of love. That is God's ideal and that is the true purpose for your being born. Human dignity and value is that great. We were born for the perfection of love." [11]

We were born to become Kings and Queens of love. Such people are the true children of God. God wants all of us to advance in heart and love day by day, based on conscious and constant investment of heart, unconditionally, without any calculation or agenda. We all can do it, if we really want it and if we realize what a great blessing that is. Our potential of love and heart is unlimited. We only need to use this potential and make it real:

Heung Jin Nim: " You do not even know, you are little thimbles now, you can only hold a drop or two and you think you are full. It's not enough to even wash out your eye. But when you learn to love truly, you will be vaster than the ocean. You will go into eternity, your love will go on forever. You will become measureless." [12]

If we ask True Father, Heung Jin Nim and Jesus for education of heart all the time, then we can advance a lot faster. We can become God's true children, who are the light of the world, in a shorter time:

True Mother: "You must become someone who shines a light, not only in this nation, not only in Asia, but throughout the world." [13]

The light we are shining, must be the light of love and heart. It must shine towards all people of the world. As more and more people shine this light, the world will get rid of conflicts and evil, and God's Kingdom will emerge:

True Father: "I urge you to put on the helmet and armor of true love and be brave warriors freeing this world from evil forces." [14]

Only a God-like love can make that happen.
