

## True Father: Our battle is that of love. Love is our weapon

Anyonghaseyo, dear brothers and sisters,

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

True Father: "Only a true person can unite with God." [1]

What then is a true person?

True Father: "What is a true man [woman]? The true man [woman] must know the truth, and by the truth he/she must attain a God-like personality." [2]

A God-like personality is a personality of true love, of God-like love:

True Father: "413. What is the completion or perfection of a true person? A true person is defined as one who has absolute true love. But what is absolute true love? A perfected, true person loves his/her enemy..." [3]

True love is the love of God. And such love does not hesitate to love, respect and embrace every enemy, no matter how the response might be. We all have the potential to become such true people who are liberated enough to love, respect and embrace unconditionally everyone, no matter what they do, did, believe or not believe. We have this potential in our heart, and by bringing this potential to blossom we ourselves become liberated beings:

True Father: "We all need to practice the true love that liberates us to love our enemies, become true persons who properly understand the spirit world, become true parents and establish true families. This personal transformation is the starting point of the world of peace." [4]

By becoming people of Godly love, we create true oneness, true unity, with True Parents and with God:

True Father: "Your gradient of influence and power is based on how much you are growing. Ultimately you will become like the original center, like a sun which generates energy rather than the moon which reflects energy. By practicing this you can come to fully understand my situation and God's loving heart. Only then can we have oneness and common pride between us. There is only one main stream, and it is connected to this way of life." [5]

True unity does not mean to always have the same opinion or the like. People are truly united with each other and with God, if they have developed a heart like God. Without having the same quality of love as God has, we cannot speak about real unity with God and True Parents.

Therefore, to become more and more united with God and True Parents, we need to develop our heart. We have to grow in heart and love. By doing this we become more and more free to respect, love and embrace everyone as a child of God. We will not see others as strangers anymore, let alone as enemies:

True Mother: "When you live your life as a true child who resembles the True Parents, you will understand and feel that other people are not strangers but your brothers and sisters..." [6]

The more we become people that have inherited the heart of God, the more we are contributing to the creation of a worldwide family of humankind, where there is true love everywhere at any time.

Perfecting our heart and love is the only way to bring about God's Kingdom:

True Father: "The difficult problems that humanity faces can be resolved only through the perfection of true love." [7]

True love is our weapon. It is a very strong weapon, the strongest of all:

True Father: "Our battle is not the knife battle or the gun battle or the fist battle. Our battle is that of love. Love is our weapon." [8]

Heung Jin Nim: "The battle plan is the restoration of love, true love." [9]

We all are requested and able to transform our hearts. This is something nobody else can do for us. It starts with each one of us:

True Father: "Heaven's true love is such that the more it is invested the more it grows. We must come to resemble God in this way. Even if our love is rejected, we should continue to love even more.... Our Heavenly Father walked such a path, and the Parents of Heaven and Earth walked such a path." [10]

True love is contagious. It grows and grows, until it prevails everywhere:

True Father: "Everything can be burned up or washed away but because of you, there is a seed of hope on the earth. This seed will perpetuate and become like a tremendous vine, growing forever and ever. No power exists which can stop this hope. The roots of a tree can penetrate even a huge rock; in exactly the same way, the power of love will grow and take root over the whole earth." [11]
