

## Sun Jin Nim: Each individual needs to connect their heart and mind to God's wave length

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother, Sun Jin Nim and Heung Jin Nim:

Heung Jin Nim: "Amongst yourselves also, be sensitive and warm in your embrace. As you are loving me, also be sensitive to each other." [1]

If we want to inherit the true love of God, we cannot be selective with our love. We cannot embrace and love only people who are easy to love, but not others who are not so easy to love:

True Mother: "Love is not just loving somebody who is easy to love, but enduring, forgiving, and embracing people in order to fulfill the providence. Father is now showing us this kind of love."

True Parents and Jesus have shown us this love, and they keep loving this way for eternity. They want us to be loving, sensitive and respectful to all people, no matter how they treat us. Otherwise we are acting in line with the fallen world, where people are often nice, kind and respectful only to people who agree with them, who have the same religion, skin colour etc. Such "love" is certainly not in line with God's love who embraces all:

True Father: "Many people accuse God, saying, "Look, God! Look at how evil that person is and how unworthy he is of Your love!" Yet, God replies, "Is that so? Well, I will still embrace him/her." That is the nature of our God, our Father. We have to ask ourselves a question: how much do we resemble God,

our Father?" [2]

The more we advance in heart and love, the more we resemble God. To gradually move into this direction we need to overcome inner limitations. We need to break down those barriers that keep us from loving in deeper, divine ways.

Those barriers come from the fallen nature in us. We need to always discern which thoughts, motivation and words come from fallen nature and which are from our original heart. We have to watch ourselves constantly and make sure to not invite or allow any thoughts, motivation, words and actions that are based on fallen nature.

We must not compromise with fallen nature, thus strengthening it, but rather think, speak and act in line with our original heart. In this way we strengthen our original heart, aligning ourselves with God's wave length, resembling God more and more:

Sun Jin Nim: "Each individual needs to connect their heart and mind to God's wave length. Only then can we settle Cheon Il Guk." [3]

Connecting our heart and mind with God's wave length is the most important thing in life. It makes us true people, true children of God and True Parents. We need to focus on it, following uncompromisingly our original heart. This way we attract God's big blessing for our life. This way we are living a true life.
