

True Father: Once you have true love in your hands...

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in spirit world]:

Father: "When people oppose me, I take the attitude that they do so because I could not carry out what I wanted to do and give them more love. Because I could not achieve what I had pledged – to love people before God -- and because I could not prepare the right position for them they persecute me so loudly. But I love them even though I am persecuted. When I do this, the world changes." [1]

Loving those that persecute us, means to love the "enemy". Only true love can do this. False love cannot even imagine to love those that treat us in a

bad way. False love does not see the point in doing it. False love rather resents and hits back. False love finds its fulfillment in revenge, blame and resentment.

True love however tries to be a blessing even to those that treat us in bad ways. True love does not hit back but swallows the evil and responds with love, compassion, patience, kindness etc. That is why true love has incredible power. We can use this huge power in our own life, making things happen that otherwise would not come about, no matter how capable we might be.

True love cannot be destroyed, because it is unconditional and unchanging. It never stops. That way it becomes to a really powerful weapon against evil around us, against evil in the world. It can melt evil, like water melts sugar. It can change the world completely:

True Father: "If the world began in hatred and lies, then a course which is 180 degrees different would be one of absolute love, love so great that you love even your own enemy. To me that is a powerful slogan, which can change the course of history." [2]

People who practice such a love, can change history. That is why God is waiting for people to emerge who can love the way God does. And that means loving even the enemy:

True Father: " If you have such great love that you can love even your enemy, that power will melt everything. God needs a movement that can melt the wrong world down and change it into the right one." [2]

True Parents have always used the power of true love, loving even their enemies:

True Mother: "My husband and I have forgiven the unforgivable and, for the sake of humanity, loved enemies unlovable... No matter how unjust the persecution we receive, we do not blame anyone, rather we love them. When we overcame ordeals in this manner, blessings that we could not even imagine took place." [3]

We can do the same, and we can have the same blessings, as long as we follow true love as God and True Parents have done and do:

True Father: "No matter how difficult it may be, you should inherit our True Parents' TRADITION to be patient and OVERCOME WITH TRUE LOVE. You cannot harbor any hatred or grudge. There is NO WAY you can, because God and True Parents have not done that. You should EXACTLY FOLLOW TRUE PARENTS' FOOTSTEPS... I am telling you this is the way to go." [4]

The way of true love is a very internal path, a pioneer path. On this path we need to see ourselves growing in heart and love all the time. To achieve this we have to live very consciously, watching and evaluating ourselves all the time. All the time we need to make sure that our thoughts, feelings, words and actions are in line with the logic of true love. That way we progress fast, and we will see God working in our lives more and more. Our life will become truly exciting:

True Father: "The couples I create will march forward as flag bearers who can love their enemies. Together they will become princes and princesses of God. This is the exciting life we live!" [2]

This is true life. What more do we want than to become princes and princesses of God, who shine their light of love into the world of darkness, into a world that has never seen true love?

True Father: "Once you have true love in your hands, you have absolutely everything else in the universe." [5]

All of us can become such people, with true love in their hearts. We need to realize who we really are, and what our real potential is, and then actualize it:

Heung Jin Nim: "Your capacity to love is far greater than you know, far greater than you dream." [6]

And by asking Heung Jin Nim for education of heart, he will help us to realize our potential of love. That applies to True Father and Jesus as well. Their wish is that we ask them, so that they can help us to become giants of love, just as they are. They even want us to become greater than them, in terms of love.
