

Heung Jin Nim: Ask me to show you through the darkness of your own heart!

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in spirit world]:

True Father: "With God's love as the core, you should become a person who maintains the law of love, whom no one can break or destroy, and you should become a substantial being of love by serving God. This is the highest ideal for man and for woman. This has been the hope of God since He created human beings and all things." [1]

The essence and core of God is true love. His heart is full of true love, and He follows true love all the time. People may blame God, accuse Him, betray Him, deny Him and His love, but God's response is always true love. This love is unchanging and unconditional. It does not depend on the way people respond. It is always flowing from God's parental heart, no matter what.

The great news is that we all were created to become people who love the same way as God does, whose love cannot be stopped by anything:

True Father: "Even if our love is rejected, we should continue to love even more.... Our Heavenly Father walked such a path, and the Parents of Heaven and Earth walked such a path." [2]

And all of us are requested to walk the same path:

True Father: "Do not hate your enemy. Do not rejoice at your enemy's ruin. If God were happy to see His enemy ruined, this world would no longer exist. When God cannot hate anyone, not even Satan, how can I?" [3]

True Mother: "When you really come to feel God's heart, how could you possibly seek revenge? When you come to know God's heart, you want to help your enemy instead. Only then can you focus on love, which is the great road of the law of nature, and can you travel that great road which embraces all as one. Only then will heaven and earth move in unison, and will God shed tears. He will be delighted because you resemble Him." [4]

How do we get to the point of being able to love in God's ways, embracing all, no matter what:

True Father: "Heaven's true love is such that the more it is invested the more it grows. We must come to resemble God in this way." [5]

The more we love people unchangingly and unconditionally, the more our love grows. We have to always push our own boundaries and limitations of love, stretching our heart. We have to be in constant heart training. We have to keep loving, even if it might be painful, even if others do not feel or see our love.

Then we will see ourselves reaching higher levels of love. We will see the Kingdom of God developing in our heart. From there it can be spread to others. It all has to start in our own heart.

By always making effort to love the way God does, we will see that we can change things by this kind of love. We will be able to influence things by our heart and love, even if people do not notice our love. It is not even important if people notice our love or not. It is however important that we love with true love. By our love we can bring about change, we can bring God on the scene, we can bring many victories on all levels:

True Father: "We who are God's children must establish the condition of having loved those who oppose us. From this perspective, there is amazing truth in God's teaching, "Love your enemy." In fact, this is one of God's strategies in His battle against evil. These words sound simple. Yet few realize that they mark the boundary line between victory and defeat in the battle between God and Satan." [6]

And it is good to remember, that the "enemy" is not necessarily someone who comes after us with a knife. It is anyone who is difficult to love.

The real enemy however is the fallen nature in us that tries to stop us from loving the way God does. This fallen nature is often very hidden. We need to detect it, in order to not be deceived by it. The more we grow in heart, the more we detect it. And then we become more and more free to love the way God does.

On the path of training of heart we need help, and we can get this help if we ask for it:

Heung Jin Nim: "So you must, you must connect. Make every effort you can, but don't be afraid. Don't be afraid at all, just relax. I will help you. Just ask me to show you the way. Ask me to show you through the darkness of your own heart, through the barriers that you have there. I will help you." [7]

Heung Jin Nim: "As I can be with you you can pick up the same experience and you can think as Heung Jin Nim thinks, and feel as Heung Jin Nim feels, and then all of a sudden you realize that you are in new territory and on a new level. And you have advanced. And suddenly you feel that something has changed in your heart... By [me] speaking in your hearts you can begin to think and feel as I think and feel, and you can act as Father would act." [8]

We need to ask True Father, Jesus and Heung Jin Nim to be with us and transform our hearts. That speeds up the growth of our heart and love and helps us to not lose precious time.
