Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "I have the absolute conviction that anybody who lives his [her] life in total intoxication from true love, forgetting everything else, must receive protection and support from the entire universe. That is what the Unification Church is all about." [1]

True Father speaks from experience:

True Father: "My only principle is to live for the sake of loving mankind and God. When I act out of love, I find that somehow things get done. From experience I know that love is the greatest power." [2]

True Father: "I give and forget. That is how I live. It's that simple. My life seems very hectic and complicated, but it always comes back to being simple. Nothing is complicated. Wherever I am, everything just fits right. Perfectly right!" [3]

By unconditionally investing heart and love True Parents achieved the biggest victories. Through the experiences they made through living a life of true love they came to the absolute conviction that true love is the greatest power. No wonder they are intoxicated by true love.

And most certainly they are very interested in us to get to the point where we can resonate with God's love just as they do:

True Mother: "Our original mind needs to resonate with Heaven and then the culture of heart will be realized." [4]

True Mother: "God's dream for humankind is for everyone to become True Parents. God's dream is [for us] to become a visible God..." [5]

We may not be able to become a visible God in a few weeks. But that should not stop us to go forward on the road of expanding and deepening our heart every moment of our life:

True Father: "Have you come to resemble God and True Parents, as Gods sons and daughters? It is easy to say, but not to fulfill. Whether sleeping or awake, it should always be on your mind. This thought has

to accompany you wherever you go, whatever you do, even when you are eating or sleeping." [6]

Developing our heart must be our first priority. That applies in all situations, including witnessing:

True Father: "The first step in witnessing is to think, "I myself must become perfect." Then you will be able to give goodness to other people." [7]

As we interact with people it is very important to focus on our own growth of heart first and foremost. In order to do this we need to unchangingly love everyone we come across. Here easily the fallen nature gets in the way, especially if we meet people with much fallen nature. Then we have to make sure not to be trapped by our own fallen nature, but to speak and think based on true love, keeping the right heart of true love all the time.

This way we will become more and more excited, even if people might not respond well. We will become excited simply because we witness the growth of our own heart. We witness how we create Heaven in our heart. And then we can give it to others, and they will be naturally attracted.

Advancing in heart is not something automatic. It will not happen just because we are a blessed couple. We need to understand and feel the importance and develop a strong desire for it. It has to come from within. It cannot be instructed. It has to come from our own realization.

And then, the more we advance in heart, the following word of True Father applies:

True Father: "Once you come to know how great the power of true love is, you would go this way even if someone told you not to." [8]

Nothing can stop those who realize how important it is to create the Kingdom of God first and foremost in their own heart.
