Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Sun Jin Nim:

True Father: "Heaven's time has now arrived. I pray that you will return to your communities and work passionately as messiahs and true parents yourselves, in the effort to bring about world peace." [1]

All of us are requested to participate in establishing lasting world peace. We all are supposed to become true peace makers in this world. We all can help God to move the providence in the direction of peace and love:

True Father: "You are not in the Unification Church to follow Rev Moon but to become better than Father and unify everything." [2]

We are here to become True Parents ourselves. We are here to create world peace in a time where the whole world is threatened by war and conflict. And we all have the capacity to be effective peace makers:

Sun Jin Nim: "No matter what our mission or our special capacities, as long as we are guided by our true compass and our conscience, we can contribute to restoring this world..." [3]

True love must be our true compass in all situations of life:

True Father: "We sometimes say that your conscience spans you, but you must be beyond the level of conscience, at the point where love is your guiding light." [4]

We need to resonate with the love of God at any time:

True Mother: "Our original mind needs to resonate with Heaven and then the culture of heart will be realized." [5]

The more we resonate with the love of God, the more are we able to embrace all people with the heart of love, even people who hurt us, even people who treat us bad or unfairly:

True Father: "True love is love that loves even what cannot be loved. It is the love that Jesus spoke of when he instructed us to love our enemies. As I set foot in Pyongyang, my heart was as clear as the autumn sky. I did not feel that I was entering the house of my enemy, rather that I was returning to my hometown, to visit the house of my brother. I carried with me to North Korea the principle by which I have always lived, that is, to forgive, love and unite." [6]

We all need to forgive, love and unite at any time, everywhere we go. Then not only do we create world peace, but also the Kingdom of God:

True Father: "What is the starting-point for realizing God's ideal nation? What is the starting-point for recovering the original homeland? It will start from individuals who live by the philosophy of loving their enemies." [7]

Such individuals embrace, respect and love all kinds of people, even unlovable ones, even enemies. Such people melt resentment, hatred and all other evils in this world including the spiritual world. Such people are on the high road to create world peace:

True Father: "There are many people around me, many people following me, including all the leaders. Among them, who is thinking of how to embrace the whole world? Who is trying to take responsibility for the bad things and melt them?" [8]

God and True Parents are looking for people who can embrace everyone, not only the pleasant ones. In front of such love evil power will collapse and world peace will emerge, based on true love:

Sun Jin Nim: "True Parents are entrusting us to be like them, to follow their example, and to reach out to our brothers and sisters around the world, sharing True Parents' essential wisdom... We must be the change we want to see on this planet. We must rise from the ashes of our fallen humanity and restore balance and peace to all nations and the world." [9]

We must spread and plant true love around the globe, to all people we meet, anywhere, at any time. This must be our live's essence:

True Father: "The essence of your mission is to create this tradition of love and expand it to your posterity." [10]

By doing this, we gradually perfect our love and make our lives truly valuable:

True Father: "Please understand that the time we have on earth is an opportunity more precious than anything else under heaven. It is our opportunity to perfect our love... The life we lead from now on has indescribable value." [11]

There is nothing more precious than constantly advancing in heart and love. This way we create God's Kingdom in our heart and true peace in the world.

Love from Bruno
