

## True Father: Have you felt, "I am the focal point of love. I am a messenger of the love of God"?

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Mother: "True love can serve as the basis for conquering even hell. When you come to possess true love, all sorrows and pains transform into joy within that true love. In other words, true love is the desire of the original nature of humankind, which remains as an absolute authority that is greater than any authority asserted through power, knowledge or money." [1]

True love is absolutely necessary for the establishment of the ideal world designed by God. Simply because the ideal world is the world where true love is everywhere. In the ideal world there are no conflicts, because everyone is a carrier of true love. Everyone resonates with the heart of God.

For the ideal world to appear, we all have to become people of true love. We have to get rid of all fallen nature, which Satan uses to pursue his agenda of evil. We have to overcome fallen nature by transforming our hearts into divine hearts. Then the fallen nature will just dry out and stop to exist:

True Father: "When fruits start to be borne, flowers and leaves drop off. Similarly, when divinity grows in your heart, all your shortcomings will fall away." [2]

The fallen nature will fall away by us following the impulses coming from our original mind, not the urges that come from the fallen nature. We have to feed our original mind, and starve our fallen nature.

Our fallen nature is often very subtle, so that we might not even see it. Thus we are easily trapped by it, instead of overcoming it. So we have to watch our inner selves very closely in order to react in the right way the moment the fallen nature starts to push us into the wrong direction. And that happens very often, especially when our fallen nature is being triggered.

In those moments we can either easily become victim of it, or we can realize our chance and not act in line with it, which at that particular moment may seem difficult. But if we are focused enough, we can go over that difficult point and achieve a victory of love. Such victories cannot come very often as long as we are not living very focused, very consciously.

If we achieve many victories of love, we will become the true people of God's hope, just as True Parents and Jesus are:

True Father: "People who change their character to fit the way of Heaven are the true people of God's hope.

We all need to practice the true love that liberates us to love our enemies, become true persons who properly understand the spirit world, become True Parents and establish true families. This personal transformation is the starting point of the world of peace." [3]

The ideal world can only come, if more and more people change their character and live according to the logic of true love, not the logic of fallen nature.

The logic of fallen nature is resentment, arrogance, hatred, pride, complaint, anger, jealousy. Fallen nature is selfish and creates suffering and conflict, not only for ourselves, but also for those around us.

The logic of true love requires from us to develop the heart of God and True Parents in ourselves. We can do that gradually, by striving to always be humble, grateful, kind and loving at all times, in all situations, no matter how people treat us. Our love needs to become like a rock, unchanging under any circumstances:

True Father: "You must be dignified men and women standing as the backbone of God's love. You are a tower of strength, the visible form of God's love. As you achieve this nothing can deter you." [4]

Those who strive wholeheartedly to become the visible form of God's love, are indeed the people of God's hope.. This is the personal transformation that we all have to go through. Then we can achieve happiness and satisfaction in ourselves, and we can positively affect others, thus bringing peace and love into the world:

True Father: "Have you felt, "I am the harmonizer of heavenly culture and earthly culture. I am the focal point of love. I am a messenger of the love of God, having the infinite energy that will bring springtime to this nation?" [5]

True Father: "If you are becoming the consummation of the love of God, then you are becoming a perfected man [woman], and those who come near you will melt in the spring atmosphere of that love. Then sadness, hardship and pain will melt away without reason." [6]

Because of us practicing true love, sadness, hardship and pain will melt away, and the Kingdom of God will emerge step by step, because by us advancing in heart we attract God's help and blessings.

Advancing in heart is not something that we should do reluctantly. We should have a strong desire to do it. The more victories of love we make, the stronger our desire becomes. Apart from that, we can also ask True Father, Heung Jin Nim and Jesus to help us develop a strong drive to revolutionize our hearts, overcome fallen nature and resonate with the love of God.

Love from Bruno
