

True Father: Look upon a person who hates you with love!

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "You should establish relationships of true love with everyone around you." [1]

In order to do that, we need to make sure that our fallen nature does not get in the way:

True Father: "Don't look at things selfishly, but with a desire to give love. Look upon a person who hates you with love, and eventually he [she] will change. Begin sending out messages of love to those around. Pull out your old vision and replace it with "new eyeballs" of true love." [2]

The messages of love can be good thoughts, good words and good deeds:

True Father: "Without exception treat each person cheerfully, speaking good words. If you do this ten times, ten people will become closer to you. When this becomes a habit, it will be good, and then you will not lose your standard of faith. If one could only do this, would prayer even be necessary?" [3]

"Good words" means to lift people up, to encourage them and the like.

In every encounter with people we need to look for a way of being a blessing to that person. We cannot allow ourselves to dwell on resentments. We cannot go around and "correct" and criticize others:

True Mother: " We are all in the same situation, working for the same goal. If we go around criticizing brothers and sisters, that is very dangerous, and eventually such behaviour will damage your own spiritual life."

True Father: "If you see the good in others and cover their defects with your love, they will follow you. If you see only weaknesses in others, your spirituality will be ruined." [4]

True Mother: "You must be humble to enter the Kingdom of Heaven. You must be humble in terms of embracing brothers and sisters. You should embrace them even if they have some flaw." [5]

Basically we need to develop a true parental heart for everyone:

True Mother: "As we each develop and practice a parental point of view toward all people and all things, the world begins to change. We see others in a new light, as brothers and sisters, and family members. We cannot think of abusing or taking advantage of members of our own family." [6]

We rather will spread messages of true love wherever we go.
