Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

True Father: "When we go to school, we have to pass examinations. We can advance only after passing them. It is the same with the heavenly kingdom: unless you inherit the realm of True Parents' heart, you cannot go there." [1]

True Parents are the first True Parents the world ever had. Through them the path was opened for the whole world to become a world of eternal love and peace.

How does the whole world become a world of peace and love? By everyone inheriting the True Parents' heart, by everyone becoming True Parents themselves. We all are requested to become people that can love the way God and True Parents do. We all need to reach the level where we can embrace the whole world with unchanging love. We all need to become True Parents ourselves, certainly nothing less:

True Mother: "It is God's wish and dream (for you) to become humankind's visible True Parents." [2]

True Mother: "The citizens of Cheon Il Guk are each called to strive each day to become a True Parent, a True Teacher and a True Owner." [3]

True Father: "You should aspire to become embodiments of God, embodiments of the True Parents and embodiments of the Parents of Heaven, Earth and Humankind. In fact, all these Parents want you, their embodiments, to be better than they are." [4]

What means better? It can only mean a higher quality of love. Is that unrealistic? No, because God gave us the potential to become better than Him, with regards to love. It is up to us to discover this potential and to use it.

We need to start realizing who we really are and who we are meant to be. By discovering and using our own potential of heart we make God's dream come true:

Heung Jin Nim: "Obedience is a very simple realm, but the realm of the heart is very deep. And as you open your heart you're going to be able to believe so many things you couldn't believe in the past by your simple obedience nor by your dutifulness. Again, the regions of the heart are vast. Vast regions! You haven't even begun to realize.

Think of how the pilgrims felt when they began to realize the dimensions of America. Well, can you imagine an ant setting one foot forth in this mighty universe? That's where you stand. And a million times beyond that is the realm of the heart. A billion. In fact, there's no number." [5]

Heung Jin Nim wants to help us going forward in this vast realm of heart, that each one of us can pioneer:

Heung Jin Nim: "As I can be with you you can pick up the same experience and you can think as Heung Jin Nim thinks, and feel as Heung Jin Nim feels, and then all of a sudden you realize that you are in new territory and on a new level. And you have advanced. And suddenly you feel that something has changed in your heart... By [me] speaking in your hearts you can begin to think and feel as I think and feel, and you can act as Father would act." [6]

We need to call on Heung Jin Nim to be with us. That of course applies also to True Father and Jesus. All the spiritual giants are waiting for us to ask them to help us, with our growth of heart and any other matters of importance, including matters like the unification of Korea.

Love from Bruno
