Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father:

True Father: "Absolute obedience means that we invest ourselves completely to the extent that we give up all self-centeredness. Furthermore, we totally forget about the investment we make and invest all over again. We continue this process until we reach the zero point, having no concept of self." [1]

Absolute obedience is not simply about following orders. It is about obedience to true love, a love that gives and forgets unceasingly. It is about becoming an embodiment of such love, resonating with the heart of God. As we do this, self centeredness naturally disappears from our life. We will be truly God-centered::

True Father: "When fruits start to be borne, flowers and leaves drop off. Similarly, when divinity grows in your heart, all your shortcomings will fall away." [2]

All self centeredness will be replaced by |God-centeredness. That means we will be living God's life, thinking and loving the way God does:

True Father: "When you have accepted this true love of God one hundred percent into your body and mind, the roots of God's love will begin to grow in your heart. Then you will be able to sense everything He feels, and your body automatically will resonate with that.

Therefore, filling yourself completely with the true love of God is the essential condition for uniting your mind and body and becoming the eternal object partner of God. If we, as human beings, resonate with God's love and enter a sphere of oneness, then God's love will be our love, God's life will be our life, God's lineage will be our lineage, and God's creation will be our creation." [3]

By resonating with the heart of God, true unity is being created between us and God. Then what God desires is what we desire, the way God loves is the way we love, the way God thinks is the way we think. There will be no distance between us and God.

Our love will not be given to others with second thoughts or with the intention to change them Our love will be given unconditionally and unceasingly, because such love is God's nature, and the more we embody God, the more this kind of love will be our nature as well. Then we are living a true life.

When all people live a true life, then this is the Kingdom of God. We all are destined to live a true life in complete union of heart with God. Not a single soul is excluded here. We all have the potential. We all have such greatness in our heart.

Love from Bruno.
