MAY: WITH EVERYTHING

Special points of interest:

- Get WISE
- MS Girls
- MANifest
- Live Out Loud
- BC Bash
- Girls Night
- Open Mic
- Calendar

Note from Editor

Hey readers! April was a busy month, but it was overflowing with many activities and amazing weather! We're still on the look out for any submissions: poems, stories, pictures, etc.! We're always extending a big thank you to all the parents and everyone that helps out! Let's make May a great month!

Get W.I.S.E.

Get WISE this month was fun packed with lots of interesting games, including the one pictured here called Top Monkey. The youth were able to enjoy testimonies from Trimon Lamson, Uncle Vincent Young, and Chris Breland.

"I love Get WISE! It's my favorite time of the week! I really liked the testimonies, they were great! I learned about people's relationship with God. I absolutely love going to Get WISE every time!"
- Christina Flores

"Get WISE is totally sweet! It's so much fun going to and chilling with friends, and learning a few things or two is fun too. The testimonies were cool, and I learned a lot from Trimon, Uncle Vince, and Chris Breland. I love going, whenever I don't have to work that is."
- Kwonji Reese

BC Bash

“The BC Bash was awesome. When I got to the Lamson’s house it was good to see a lot of old friends. Getting back from BTA, I missed hanging out in big groups, being alone most of the time at home. STF was there and I knew the whole team. That was great because I really enjoyed being around them. My sister was also on that team and she gave the guidance that day. The guidance was very wonderful and since she was my sister, it touched home. It was about how you feel your value. Then we did sitcom skits and that was funny. It was a fun and learning time, and I plan to come back.”
- Nathan Triggol

More Youth Ministry Fun

MS Girls Group

The Middle School Girls group had a gathering this month at the Lamson's home on April 23rd from 6 PM - 9 PM. The girls were split into four groups and given a cardboard box to create something unique.

All the products were amazing, we had Repunzal's castle, Lovin Life Ministry checks, Anpanman TV show, and Facebook fun. There was also a talk from Rev. Lamson about the spiritual body and how to work on ours. It was wonderful and the girls seemed to really enjoy themselves.

Girls' Night

"I loved the girls night! We made a cool food called fondue and we watched an awesome movie!!! (What Happens in Vegas) Oh! and we also played Apples to Apples! That was sooo fun! :) My favorite part of girls night was when we were eating food haha. (: It was really good and unique!

I never ate fondue before! Keep up the good work guys! It was awesome and fun! Can't wait for what you guys have in-store for us next!"

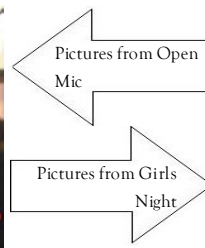

- Rena Kanazawa

MANifest

"Manifest was very good. It's actually incredibly fun. Every second before manifest I get so excited.

Everything works out well and the HDK is good. I always want to go to Manifest!"

- Yitzchak Young

Open Mic

"I liked Open Mic! I love the music! I'd definitely have to say that Sayuri's cello piece was pretty sweet, I like it when people are different. Retro Moonshine was also pretty sweet though. I'm looking forward to the next one, it's going to be awesome!"

- Yeri McClain

Live Out Loud

"I liked Live Out Loud last month. The music was amazing and boss. I also loved the message, I don't remember it completely, but it was good. It inspired me to have God in my life. I like regularly going and look forward to the next one!"

- Hiromasa Passalacqua
